

# Logical Intelligence

## Theory of multiple intelligences

logical-mathematical, musical, and spatial intelligences. Introduced in Howard Gardner's book *Frames of Mind: The Theory of Multiple Intelligences* (1983)...

## Artificial intelligence

solving word problems in algebra, proving logical theorems and speaking English. Artificial intelligence laboratories were set up at a number of British...

## Logical reasoning

Logical reasoning is a mental activity that aims to arrive at a conclusion in a rigorous way. It happens in the form of inferences or arguments by starting...

## Intelligence quotient

Gottfredson, Linda S. (2009). "Chapter 1: Logical Fallacies Used to Dismiss the Evidence on Intelligence Testing". In Phelps, Richard F. (ed.). *Correcting...*

## Inference (redirect from Logical inference)

Inferences are steps in logical reasoning, moving from premises to logical consequences; etymologically, the word *infer* means to "carry forward". Inference...

## Intelligence

"the understanding understandeth", as a typical example of a logical absurdity. "Intelligence" has therefore become less common in English language philosophy...

## A Logical Calculus of the Ideas Immanent in Nervous Activity

perform all logical functions. It is a seminal work in cognitive science, computational neuroscience, computer science, and artificial intelligence. It was...

## Artificial general intelligence

Artificial general intelligence (AGI)—sometimes called human-level intelligence AI—is a type of artificial intelligence that would match or surpass human...

## Human intelligence

intelligence down into components. In the first edition of his book *Frames of Mind* (1983), he described seven distinct types of intelligence: logical-mathematical...

## List of programming languages for artificial intelligence

Computational Intelligence: A Logical Approach, New York: Oxford University Press, ISBN 0-19-510270-3  
Winston, Patrick Henry (1984), Artificial Intelligence, Reading...

## **Automated reasoning (redirect from Automated logical inference)**

itself led to the development of artificial intelligence. A formal proof is a proof in which every logical inference has been checked back to the fundamental...

## **History of artificial intelligence**

Artificial Intelligence". Defending AI Research: A Collection of Essays and Reviews. CSLI.  
McCulloch WS, Pitts W (1 December 1943). "A logical calculus...

## **Intellect (category Intelligence)**

related to abstract thought and logical reasoning. However, contemporary research primarily focuses on general intelligence (g-factor) and cognitive abilities...

## **IQ classification (redirect from Classification of intelligence)**

Gottfredson, Linda S. (2009). "Chapter 1: Logical Fallacies Used to Dismiss the Evidence on  
Intelligence Testing". In Phelps, Richard F. (ed.). Correcting...

## **Logic (redirect from Logical)**

informal logic. Formal logic is the study of deductively valid inferences or logical truths. It examines how conclusions follow from premises based on the structure...

## **Formal system (redirect from Logical calculus)**

with the deductive nature of the system. The logical consequence (or entailment) of the system by its logical foundation is what distinguishes a formal system...

## **Technological singularity (redirect from Recursively-improving artificial intelligence)**

requirements because it finds them lacking internal logical consistency. Vernor Vinge addressed  
Good's intelligence explosion in the January 1983 issue of Omni...

## **Logic programming (redirect from Logical programming)**

set of sentences in logical form, representing knowledge about some problem domain. Computation is performed by applying logical reasoning to that knowledge...

## **Two-factor theory of intelligence**

logical-mathematical, bodily-kinesthetic, and naturalist. He also considered the possibility of a ninth intelligent ability, existential intelligence...

## **Bird intelligence**

The difficulty of defining or measuring intelligence in non-human animals makes the subject difficult to study scientifically in birds. In general, birds...
