The Big News is that we are naturally monogamous, bonding animals. A lasting, loving relationship is completely within our reach. The Secret Love of Sons

With humor and intelligence, and with the help of hundreds of confidential interviews, Weinstock has discovered the startling place that mothers hold in the heads and hearts of growing men. By offering his own memories and reflections as well as the personal disclosures of other sons, he not only explains the mindsets that drive boys from the nest and keep them insistently independent from their moms, but also illuminates the many ways in which mothers have deeply and continuously affected their sons' lives. What emerges in this profound book is a love letter to mothers, and a smart and surprising blueprint to the emotions of sons of all ages and backgrounds. Men vividly recall their maternally crafted childhoods and reflect gratefully on the solid support and high expectations of these women who knew them even before they knew themselves. But sooner or later every growing boy gets the message that he is obligated to become a man, to leave the "secret garden" he shared with his mother and assert himself in a world that frowns on mama's boys. How sons seek to distinguish themselves, how they act on and shelve their deeper feelings, and how their mothers' contributions are incorporated into their developing lives are the revelations contained in *The Secret Love of Sons* - wisdom that both mothers and sons have gone without for far too long.

L. E. STARDUST retells the legendary greek story with fresh eyes. Many people who know about the Greek Gods, know about the story of the kidnapping of the Spring Goddess by the King of the Underworld. However, was that what really happened? Who is the real Hades and what is the Underworld like? Was Persephone truly kidnapped as the mythology in history explains? *The Secret Love of Hades and Persephone* gives a different perspective on the ancient tale that many fans and worshippers of the Greek/Roman Pantheon had heard so much about. (This version of the book is a 5.5x 8.5 format with size 11 font.)

The Five Love Languages

This book offers a new reading of early modern romance in the light of historically contemporary accounts of mind, and specifically the medical tradition of love-melancholy. The book argues that the medical profile of the melancholic lover provides an essential context for understanding the characteristic patterns of romance: narrative deferral, epistemological uncertainty, and the endless quest for a quasi-phantsmic beloved. Unlike many recent studies of romance, this book establishes a detailed historical basis for investigating the psychological structure of romance. Wells begins by tracing the development of the medical disorder first known in the Latin west as *amor hereos* (lovesickness) from its earliest roots in Greek and Arabic medicine to its translation into the Latin medical tradition. Drawing on this detailed historical material, the book considers three important early modern romances: Ariosto's *Orlando Furioso*, Tasso's *Gerusalemme Liberata*, and Spenser's *The Faerie Queene*, concluding with a brief consideration of the significance of this literary

and medical legacy for Romanticism. Most broadly, the interdisciplinary nature of this study allows the author to investigate the central critical problem of early modern subjectivity in substantially new ways.

The Secret Loves of Geeks

A CHOICE Outstanding Academic Title of 2010 For many women around the world, their greatest risk of HIV infection comes from having sex with the very person with whom they are supposed to have sex: their spouse. *The Secret* situates marital HIV risk within a broader exploration of marital and extramarital sexuality in five diverse settings: Mexico, Nigeria, Uganda, Vietnam, and Papua New Guinea. In these settings, the authors write, men's extramarital sex, is an officially secret but actually widespread (and widely acknowledged) social practice, «rather than something men do because their bodies demand it and women can't stop them. Drawing on research conducted as part of an innovative comparative ethnographic study, and modeling a novel approach to collaborative anthropological scholarship, the authors show men's extramarital sex to be a fundamental aspect of gendered social organization. Through theoretically sophisticated yet lucid writing and vivid ethnographic description, drawing on rich data from the marital case studies conducted by research teams in each country, they trace how extramarital opportunity structures, sexual geographies, and concerns about social risk facilitate men's participation in extramarital sex. Also documented throughout is the collision between traditional ways and the new practices of romantic companionate marriage.

Selected Plays of Stan Lai

In 1927, tired of the literary life of New York City, New Orleans, and Chicago, a famous but aging American writer named Sherwood Anderson (1876-1941) -- author of *Winesburg, Ohio* (1919) and other short stories in which he virtually invented the modern American short-story -- moved to rural Southwest Virginia to write for and edit two small-town weekly newspaper that he owned, the *Marion Democrat*. and the *Smyth County News*. Living again among the small-town figures with whom he was usually most content, William Faulkner, Thomas Wolf, and indeed an entire generation of the greatest American writers -- worked for several years at making his newspaper nationally famous while struggling to come to terms with a life-threatening psychological depression and a failing third marriage. Both of Anderson's midlife problems were complicated when he met Eleanor Copenhaver, lovely young daughter in one of the prominent first families of Marion and a career social worker for the YWCA. Trying to keep their ardent affair secret in the small town, Anderson avidly courted the socially prominent and much younger Miss Copenhaver while at the same time trying to free himself from his embittered third wife and overcome the disadvantages of his age and his lover's family's distrust of him. Having by the end of 1931 continued for three years his surreptitious and consuming affair with Miss Copenhaver, Anderson determined on the first day of 1932 that the new year should be the year of decisions for him to gain his love in marriage or perhaps to end his life, and he began the new year with a creative venture unique in literature. Starting on January 1, Anderson secretly wrote and hid away for Eleanor Copenhaver to find after his eventual death one letter each day, letters that she should someday discover, whether they had ever become married or not, and thereby relive in her memory their days of intense lovemaking a mutual despair about their then-unlikely marriage. Found by Eleanor Copenhaver Anderson only at Sherwood Anderson's death in 1941 and then preserved intact by this grieving widow who had married Anderson in 1933, the carefully hidden letters of 1932 recording their intense and seemingly doomed love affair have remained secret until now. Chosen by Eleanor Copenhaver Anderson before her death in 1985 to publish her husband's secret love letters, Anderson scholar Ray Lewis White has prepared a fascinating edition of these unique letters for the enjoyment of students and scholars of literature as well as for all other readers who savor compelling and inspiring stories of loss and love.

Denationalizing Identities explores the relationship between performance and ideology in the global Sinosphere. Wah Guan Lim's study of four important diasporic director-playwrights—Gao Xingjian, Stan Lai Sheng-chuan, Danny Yung Ning Tsun, and Kuo Pao Kun—shows the impact of theater on ideas of "Chineseness" across China, Taiwan, Hong Kong, and Singapore. At the height of the Cold War, the "Bamboo Curtain" divided the "two Chinas" across the Taiwan Strait. Meanwhile, Hong Kong prepared for its handover to the People's Republic of China and Singapore rethought Chinese education. As geopolitical tensions imposed ethno-nationalist identities across the region, these four dramatists wove together local, foreign, and Chinese elements in their art, challenging mainland China's narrative of an inevitable communist outcome. By performing cultural identities alternative to the ones sanctioned by their own states, they debunked notions of a unified Chineseness. Denationalizing Identities highlights the key role theater and performance played in circulating people and ideas across the Chinese-speaking world, well before cross-strait relations began to thaw.
