INSTANT NEW YORK TIMES BESTSELLER · "Blazing...Visceral" (Los Angeles Times) · "Exceptional" (Newsweek) · "Bold...Heartfelt" (New York Times Book Review) · "Thought-provoking and thrilling" (GMA) · "Suspenseful and poignant" (Scientific American) · "Gripping" (The Sydney Morning Herald)
From the author of the beloved national bestseller *Migrations*, a pulse-pounding new novel set in the wild Scottish Highlands. Inti Flynn arrives in Scotland with her twin sister, Aggie, to lead a team of biologists tasked with reintroducing fourteen gray wolves into the remote Highlands. She hopes to heal not only the dying landscape, but Aggie, too, unmade by the terrible secrets that drove the sisters out of Alaska. Inti is not the woman she once was, either, changed by the harm she's witnessed—inflicted by humans on both the wild and each other. Yet as the wolves surprise everyone by thriving, Inti begins to let her guard down, even opening herself up to the possibility of love. But when a farmer is found dead, Inti knows where the town will lay blame. Unable to accept her wolves could be responsible, Inti makes a reckless decision to protect them. But if the wolves didn't make the kill, then who did? And what will Inti do when the man she is falling for seems to be the prime suspect? Propulsive and spell-binding, Charlotte McConaghy's *Once There Were Wolves* is the unforgettable story of a woman desperate to save the creatures she loves—if she isn't consumed by a wild that was once her refuge.

Wild Things

In *Wild Things* Jack Halberstam offers an alternative history of sexuality by tracing the ways in which wildness has been associated with queerness and queer bodies throughout the twentieth century. Halberstam theorizes the wild as an unbounded and unpredictable space that offers sources of opposition to modernity's orderly impulses. Wildness illuminates the normative taxonomies of sexuality against which radical queer practice and politics operate. Throughout, Halberstam engages with a wide variety of texts, practices, and cultural imaginaries—from zombies, falconry, and M. NourbeSe Philip's *Zong!* to Maurice Sendak's *Where the Wild Things Are* and the career of Irish anticolonial revolutionary Roger Casement—to demonstrate how wildness provides the means to know and to be in ways that transgress Euro-American notions of the modern liberal subject. With *Wild Things*, Halberstam opens new possibilities for queer theory and for wild thinking more broadly.

Alpha's Prize

MY CAPTIVE. MY MATE. MY PRIZE. I didn't order the capture of the beautiful American she-wolf. I didn't buy her from the traffickers. I didn't even plan to claim her. But no male shifter could have withstood the test of a full moon and a locked room with Sedona, naked and shackled to the bed. I lost control, not only claiming her, but also marking her, and leaving her pregnant with my wolfpup. I won't keep her prisoner, as much as I'd like to. I allow her to escape to the safety of her brother's pack. But once marked, no she-wolf is ever really free. I will follow her to the ends of the Earth, if I must. Sedona belongs to me. Publisher's Note: Alpha's Prize is a stand-alone book in the Bad Boy Alphas series. HEA guaranteed, no cheating. Amber acts all prim and proper, but she has a secret, too. She may not want her psychic abilities, but they're a gift. I should let her go, but the way she fights me only makes me want her more. When she learns what I am, there's no escape for her. She's in my world, whether she likes it or not. I need her to use her gifts to help recover my missing sister—and I won't take no for an answer. She's mine now. Publisher's Note: Alpha's Danger is a stand-alone book in the Bad Boy Alpha's series. HEA guaranteed, no cheating. Alpha's Moon

My alpha ordered me to keep away from humans. My wolf is highly unstable. Nearly feral. I can't be trusted around civilians. Certainly not with the lovely kindergarten teacher whose scent drives me wild. But she needs a fake boyfriend for a weekend wedding trip. A big guy to intimidate her ex. How can I refuse? I won't be directly disobeying an order, because it won't be a real date. It will be a nice, clean mission. We'll have separate rooms. I'll keep my wolf on a tight leash. And no matter how much I want to, I will not mark and claim the sweet human as mine...

How Do I Feel?

(PAPERBACK VERSION) Finalist in the New Zealand Children & Young Adults Books Awards 2022
Storylines Notable Books 2021 - Non-Fiction Winner #1 NZ Bestseller With 60+ definitions to help improve emotional literacy, How Do I Feel?, is all about helping our children learn to recognise and label emotions and feelings. Join Aroha and her friends as they share how different emotions might feel in the body and how each emotion might be helpful. This emotions dictionary is all about helping children find the words for how

they truly feel. Learning to recognise and label our emotions correctly is such an important skill for life. Giving our children this language helps to build emotional literacy. It is a gift to give children the tools to know how to recognise what they truly feel and that it is okay to feel all emotions. When they know that no emotion is 'good' or 'bad' and that all emotions provide messages, then it takes away any attachment to that emotion being part of who they are. We may have experienced this ourselves being labelled 'naughty' or 'out of control' due to feeling angry a lot. However, this behaviour is just a way for a child to communicate. Diving deeper into why they are acting that way, why they may be feeling the things they are, can help us find some answers with our child. It can also help us find ways to help them empower themselves with tools to feel better. Use this book to start conversations about different emotions. If you can, give examples of things you have experienced. When you see a child experiencing an emotion, help your child label it. \"Are you feeling ... right now?\" This book can be used with children from 5 years of age up to 100+ as everyone might get something from the book. There are over 200 emotions and so we couldn't include them all in just one book, however, this book is the most extensive book about emotions for children. Paperback - full colour Pages - 142 Size - 216mm x 280mm (Landscape) Recommended Age - 5 years - 100 years+

Forbidden Fruit

Forbidden Fruit is a collection of fascinating, largely untold tales of ordinary men and women who faced mobs, bloodhounds, bounty hunters, and bullets to be together—and defy a system that categorized blacks not only as servants, but as property. In the true love stories of Forbidden Fruit, you will meet sixteen couples who fought for love—love between slaves, between slaves and masters, and between slaves and free black

folks. There is the fugitive slave from Virginia who spends seventeen years searching for his wife. A Georgia slave couple that sails for England with federal troops trailing behind. A white woman who falls in love with her deceased husband's slave. A young slave girl who is delivered to her fiancé inside a wooden chest. Acclaimed journalist Betty DeRamus gleaned these anecdotes from descendants of runaway slave couples, unpublished memoirs, Civil War records, census data, magazines, and dozens of previously untapped sources. This is a book about people pursuing love and achievement in a time of hate and severely limited opportunities. Though not all of the stories in *Forbidden Fruit* end in triumph, they all celebrate hope, passion, courage, and triumph of the human spirit.

Fortune's Rocks

The extraordinary stories of the fearless women who set their sights on the sea in an all-male world, paving the way for the female sailing superstars of today. Gender issues are stark at sea. Historically a ship's crew is all male, and although vessels are referred to as 'she', women's contributions to sailing have been largely ignored, if not actively opposed. Today's sailing legends such as Tracy Edwards and Ellen MacArthur compete with men on equal terms, but they stand on the shoulders of many women before them, who had to challenge preconceptions, prejudice and even the law in their wish to sail. Spanning the 19th century to today, Julia Jones dives into the lives of an array of incredible and unconventional women: we meet single-handed sailors, wealthy explorers, long-suffering wives and penniless chancers with a thirst for adventure. Each had to face down barriers of official exclusion, family-imposed restriction, social disapproval and often a resulting lack of self-belief. In the 21st-century, British women wear Admiral's uniforms and break global yachting records, yet their journey to professional sailing remains challenging, and the public face of sailing remains mostly male – evident in the lack of female Commodores in prestigious yacht clubs. Even as sailing becomes more accessible, the remarkable contributions within these stories are a precious source of inspiration to all women facing their own challenges today.
