Who Is Malala Yousafzai?

Malala Yousafzai was a girl who loved to learn but was told that girls would no longer be allowed to go to school. She wrote a blog that called attention to what was happening in her beautiful corner of Pakistan and realized that words can bring about change. She has continued to speak out for the right of all children to have an education. In 2014 she won the Nobel Peace Prize.

I Am Malala

Winner of the 2014 Nobel Peace Prize In 2009 Malala Yousafzai began writing a blog on BBC Urdu about life in the Swat Valley as the Taliban gained control, at times banning girls from attending school. When her identity was discovered, Malala began to appear in both Pakistani and international media, advocating the freedom to pursue education for all. In October 2012, gunmen boarded Malala's school bus and shot her in the face, a bullet passing through her head and into her shoulder. Remarkably, Malala survived the shooting. At a very young age, Malala Yousafzai has become a worldwide symbol of courage and hope. Her shooting has sparked a wave of solidarity across Pakistan, not to mention globally, for the right to education, freedom from terror and female emancipation.

Malala's Magic Pencil

As a child in Pakistan, Malala made a wish for a magic pencil that she could use to redraw reality. She would use it to give gifts to her family, to erase the smell from the rubbish dump near her house, to sleep an extra hour in the morning. As she grew older, Malala wished for bigger and bigger things. She saw a world that needed fixing. And even if she never found a magic pencil, Malala realized that she could still work hard every day to make her wishes come true. This beautifully illustrated picture book tells Malala's story, in her own words, for a younger audience and shows them the worldview that allowed her to hold on to hope and to make her voice heard even in the most difficult of times.

We Are Displaced

Nobel Peace Prize winner and New York Times bestselling author Malala Yousafzai turns the faceless statistics and endless news stories about displacement into real people—introducing a small fraction of the millions worldwide who have fled home in this powerful and “stirring” (New York Times) account. After her father was murdered, María escaped in the middle of the night with her mother. Zaynab was out of school for two years as she fled war before landing in America. Her sister, Sabreen, survived a harrowing journey to Italy. Ajida escaped horrific violence, but then found herself battling the elements to keep her family safe. Malala's experiences visiting refugee camps caused her to reconsider her own displacement—first as an Internally Displaced Person when she was a young child in Pakistan, and then as an international activist who could travel anywhere in the world except to the home she loved. In *We Are Displaced*, Malala not only explores her own story, but she also shares the personal stories of some of the incredible girls she has met on her journeys—girls who have lost their community, relatives, and often the only world they've ever known. In a time of immigration crises, war, and border conflicts, *We Are Displaced* is an important reminder from one of the world's most prominent activists that every single one of the 68.5 million currently displaced is a person—often a young person—with hopes and dreams. “A stirring and timely book.” —New York Times

Let Her Fly

In this intimate and extraordinary memoir, Ziauddin Yousafzai, the father of Malala, gives a moving account of fatherhood and his lifelong fight for equality – proving there are many faces of feminism. “Whenever anybody has asked me how Malala became who she is, I have often used the phrase. ‘Ask me not what I did but what I did not do. I did not clip her wings’” For over twenty years, Ziauddin Yousafzai has been fighting for equality – first for Malala, his daughter – and then for all girls throughout the world living in patriarchal societies. Taught as a young boy in Pakistan to believe that he was inherently better than his sisters, Ziauddin rebelled against inequality at a young age. And when he had a daughter himself he vowed that Malala would have an education, something usually only given to boys, and he founded a school that Malala could attend. Then in 2012, Malala was shot for standing up to the Taliban by continuing to go to her father's school, and Ziauddin almost lost the very person for whom his fight for equality began. *Let Her Fly* is Ziauddin's journey from a stammering boy growing up in a tiny village high in the mountains of Pakistan, through to being an activist for equality and the father of the youngest ever recipient of the Nobel Peace Prize, and now one of

the most influential and inspiring young women on the planet. Told through intimate portraits of each of Ziauddin's closest relationships – as a son to a traditional father; as a father to Malala and her brothers, educated and growing up in the West; as a husband to a wife finally learning to read and write; as a brother to five sisters still living in the patriarchy – *Let Her Fly* looks at what it means to love, to have courage and fight for what is inherently right. Personal in its detail and universal in its themes, this landmark book shows why we must all keep fighting for the rights of girls and women everywhere.
