The End of Eddy

‘A brilliant novel... courageous, necessary and deeply touching’ Guardian Édouard Louis grew up in a village in northern France where many live below the poverty line. His bestselling debut novel about life there, The End of Eddy, has sparked debate on social inequality, sexuality and violence. It is an extraordinary portrait of escaping from an unbearable childhood, inspired by the author’s own. Written with an openness and compassionate intelligence, ultimately, it asks, how can we create our own freedom? ‘A mesmerising story about difference and adolescence’ New York Times ‘Édouard Louis...is that relatively rare thing – a novelist with something to say and a willingness to say it, without holding back’ The Times ‘Louis’ book has become the subject of political discussion in a way that novels rarely do’ Garth Greenwell, New Yorker

For more than two decades, Islamic veils, niqabs, and burkinis, forced and arranged marriages, polygamy and Sharia rules concerning women have been the object of intense public scrutiny and legal regulations in many Western countries, especially in Europe, and feminists have been actively engaged on both sides of the debates. In *Feminist Trouble*, Éléonore Lépinard draws on extended fieldwork with numerous women's organizations in France and Quebec. Giving voice to women of color and white women, Lépinard dissects hierarchies of privilege, in particular whiteness, in feminist politics, grappling with Islam and Islamic veiling debates to understand how these changes have transformed contemporary feminist movements, intersectional politics, and the feminist collective subject. A critical look at feminism, its divisions, and its future, *Feminist Trouble* argues that feminism should not be centered around an identity-women-but should instead focus on a feminist ethic of responsibility which reckons with power asymmetries and requires women to prioritize their ethical responsibility to the feminist project.

From the ruins of civilization arises a new race: Wraeththu. Androgynous, powerful, and deadly, Wraeththu must rebuild or start anew. But when they are steeped in tribal warfare and gang culture--remnants of their human past--many cannot see beyond the moment, and it is up to the few who can to attempt to initiate change and growth.

Édouard Louis is one of the most important literary voices of his generation' Guardian One day, Édouard Louis finds a photograph of his mother from twenty years ago: a happy young woman, full of hopes and dreams. But growing up, Édouard only knew his mother's sadness - what happened in those years since the photo was taken? Then, at the age of forty-five, Édouard's mother frees herself from this life of oppression, to start a new one in Paris. *A Woman's Battles and Transformations* reckons with the cruel systems that govern our lives - and with the possibility of escape. It is a tender portrait of a mother, and an honouring of her self-discovery as she chooses to live on her own terms. 'Tash Aw's sensitive translation captures the vividness of Louis's voice... Movingly, the book demonstrates the pain that moving from one social class to another entails' Times Literary Supplement 'A tenderness of observation' New York Times 'Incandescent...Louis's most hopeful book to date' Los Angeles Times Translated from the French by Tash Aw

A leading historian reconstructs the forgotten history of medieval Africa From the birth of Islam in the seventh century to the voyages of European exploration in the fifteenth, Africa was at the center of a vibrant exchange of goods and ideas. It was an African golden age in which places like Ghana, Nubia, and Zimbabwe became the crossroads of civilizations, and where African royals, thinkers, and artists played celebrated roles in the globalized world of the Middle Ages. *The Golden Rhinoceros* brings this unsung era marvelously to life, taking readers from the Sahara and the Nile River Valley to the Ethiopian highlands and southern Africa. Drawing on fragmented written sources as well as his many years of experience as an archaeologist, François-Xavier Fauvelle painstakingly reconstructs an African past that is too often denied its

place in history—but no longer. He looks at ruined cities found in the mangrove, exquisite pieces of art, rare artifacts like the golden rhinoceros of Mapungubwe, ancient maps, and accounts left by geographers and travelers—remarkable discoveries that shed critical light on political and architectural achievements, trade, religious beliefs, diplomatic episodes, and individual lives. A book that finally recognizes Africa's important role in the Middle Ages, *The Golden Rhinoceros* also provides a window into the historian's craft. Fauvelle carefully pieces together the written and archaeological evidence to tell an unforgettable story that is at once sensitive to Africa's rich social diversity and alert to the trajectories that connected Africa with the wider Muslim and Christian worlds.

Erman's time, and thanks to an extremely detailed discussion of all possible relevant data even on the less known Afro-Asiatic cognates to the Egyptian roots.

A obra pretende avaliar, comparar e identificar as hipóteses em que os membros integrantes do Conselho de Administração das Sociedades por Ações poderão ser responsabilizados penalmente pela posição individual ou coletiva que adotarem nas deliberações do colegiado. Inicialmente definido como órgão colegiado de deliberação e fiscalização, passou a assumir instância de confirmação ou mesmo de autorização dos atos de gestão. Nesse viés, a conduta delitiva poderá ser resultado da omissão imprópria, nos casos em que o conselheiro administrativo deixa de agir quando deveria fazê-lo por expressa determinação legal, do regimento interno ou do estatuto da sociedade. Na atuação fiscalizatória, o Conselho de Administração terá a prerrogativa de nomear comitês ou, ainda, indicar a atuação de um departamento de compliance como medida de delegação das atribuições de monitoramento de riscos. Será possível refletir sobre as circunstâncias que rompem o nexo de causalidade bem como identificar a verdadeira extensão da responsabilidade: pela vigilância dos atos de gestão ou sobre toda e qualquer fonte de perigo dentro da empresa.

Fresh, funny crime series for fans of Jasper Fforde and M.C. Beaton. 'Delightful and original... A series that could well become a cult' DAILY MAIL. 125 Gower Street, 1882. Sidney Grice once had a reputation as London's most perspicacious personal detective. But since his last case led an innocent man to the gallows, business has been light. Listless and depressed, Grice has taken to lying in the bath for hours, emerging in the evenings for a little dry toast and a lot of tea. Usually a voracious reader, he will pick up neither book nor newspaper. He has not even gathered the strength to re-insert his glass eye. His ward, March Middleton, has been left to dine alone. Then an eccentric member of a Final Death Society has the temerity to die on his study floor. Finally Sidney and March have an investigation to mount – an investigation that will draw them to an eerie house in Kew, and the mysterious Baroness Foscett... This book focuses on labour dislocation and migration of Palestinians between 1967 and 1992. In particular, it highlights the social transformations in the occupied Palestinian territory where Palestinian labour was permitted to work in Israel from 1968 onwards. Elaborating on the results of the policy which saw a gradual increase in the number of Palestinian workers commuting daily from a negligible proportion of the actively participating labour force, to 35 percent of all employed persons, and 60 percent of all wage paid workers, the book studies this unique case which embodies characteristics from permanent migration situations not only in the de-jure, but also the de-facto sense; insofar as it embeds higher risks and reallocates resources as if it was a permanent relocation scenario. Illustrated with tables and econometric results, the book identifies the determinants and implications of migrant labour from the West Bank using two broad methodologies: the neoclassical and the historical-structural method. Each of these methods is divided into two branches: the classical divided into price determined and a choice-theoretic framework, and the historical-structural divided into dependency and Marxist theory. In order to gain a comprehensive understanding of the situation, all four perspectives are employed in the investigation. In doing so, what emerges is a structure for the book which takes shape along the different lines of migration literature. The book provides new insights into the making of wage labour and labour migration theory.

O respectivo livro objetiva produzir uma reflexão sociológica sobre o trabalho policial e sobre as configurações das distintas identidades profissionais dos operadores de segurança (no âmbito da cidade de Fortaleza-CE). Não obstante, discute a formulação de representações sociais que, derivadas do mundo do trabalho, auxiliam no condicionamento de disposições e ações policiais propriamente ditas. Destarte, oferta ao leitor um repertório de tipos ideais e possibilidades formativas que delineando sentido próprio, revelam modelos de policiamento, o processo de aquisição de um hábitus de grupo e a própria heterogeneidade da condição policial a partir de uma multiplicidade identitária.

O presente estudo lapida sua pedra de toque no direito fundamental de acesso à água potável. Partindo dessa premissa basilar, arrima-se na técnica da dessalinização, como uma plausível alternativa – sustentável – para o estresse hídrico que vem se alarmando, globalmente. Nessa órbita, este livro dialoga com assuntos genéricos, como princípios fundamentais do direito, de cabal relevância para o meio ambiente e, obviamente, para a temática em voga – água. Adentrando no cerne do tema, prossegue o estudo, fazendo uma breve digressão histórica sobre o uso da dessalinização no mundo (com menção especial ao papel da dessalinização em Israel) e no Brasil (com apresentação do Programa Água Doce do Ministério do Meio Ambiente e dos incipientes projetos de dessalinização do Estado de São Paulo). Não se olvida, pois, de abordar aspectos jurídicos gerais que servem de lastro para a aplicação da técnica de dessalinização no direito pátrio. Nesse sentido, busca enfrentar questões embrionárias (tais quais: os órgãos responsáveis por executar o ato administrativo, passível de conferir o direito à água, objeto da dessalinização; o direito de uso da água, marítima ou salobra, utilizada para dessalinização; o direito à água dessalinizada).

"Art of the Defeat offers an unflinching look at the pivotal role art played in France during the German occupation. It begins with Adolf Hitler's staging of the armistice at Rethondes and moves across the dark years - analyzing the official junket by French artists to Germany, the exhibition of Arno Breker's colossi in Paris, the looting of the state museums and Jewish collections, the glorification of Philippe Pétain and a pure national identity, the demonization of modernists and foreigners, and the range of responses by artists and artisans. The sum is a pioneering exposé of the deployment of art and ideology to hold the heart of darkness at bay"--Page 4 of cover.
