

Who Is Barack Obama

A Promised Land

A riveting, deeply personal account of history in the making—from the president who inspired us to believe in the power of democracy #1 NEW YORK TIMES BESTSELLER • NAACP IMAGE AWARD NOMINEE • NAMED ONE OF THE TEN BEST BOOKS OF THE YEAR BY THE NEW YORK TIMES BOOK REVIEW AND PEOPLE NAMED ONE OF THE BEST BOOKS OF THE YEAR BY The Washington Post • Jennifer Szalai, The New York Times • NPR • The Guardian • Slate • Vox • The Economist • Marie Claire

In the stirring first volume of his presidential memoirs, Barack Obama tells the story of his improbable odyssey from young man searching for his identity to leader of the free world, describing in strikingly personal detail both his political education and the landmark moments of the first term of his historic presidency—a time of dramatic transformation and turmoil. Obama takes readers on a compelling journey from his earliest political aspirations to the pivotal Iowa caucus victory that demonstrated the power of grassroots activism to the watershed night of November 4, 2008, when he was elected 44th president of the United States, becoming the first African American to hold the nation’s highest office. Reflecting on the presidency, he offers a unique and thoughtful exploration of both the awesome reach and the limits of presidential power, as well as singular insights into the dynamics of U.S. partisan politics and international diplomacy. Obama brings readers inside the Oval Office and the White House Situation Room, and to Moscow, Cairo, Beijing, and points beyond. We are privy to his thoughts as he assembles his cabinet, wrestles with a global financial crisis, takes the measure of Vladimir Putin, overcomes seemingly insurmountable odds to secure passage of the Affordable Care Act, clashes with generals about U.S. strategy in Afghanistan, tackles Wall Street reform, responds to the devastating Deepwater Horizon blowout, and authorizes Operation Neptune’s Spear, which leads to the death of Osama bin Laden. A Promised Land is extraordinarily intimate and introspective—the story of one man’s bet with history, the faith of a community organizer tested on the world stage. Obama is candid about the balancing act of running for office as a Black American, bearing the expectations of a generation buoyed by messages of “hope and change,” and meeting the moral challenges of high-stakes decision-making. He is frank about the forces that opposed him at home and abroad, open about how living in the White House affected his wife and daughters, and unafraid to reveal self-doubt and disappointment. Yet he never wavers from his belief that inside the great, ongoing American experiment, progress is always possible. This beautifully written and powerful book captures Barack Obama’s conviction that democracy is not a gift from on high but something founded on empathy and common understanding and built together, day by day.

Who Is Barack Obama?

As the world now knows, Barack Obama has made history as our first African-American president. With black-and-white illustrations throughout, this biography is perfect for primary graders looking for a longer, fuller life story than is found in the author's bestselling beginning reader *Barack Obama: United States President*.

The Presidency of Barack Obama

An original and engaging account of the Obama years from a group of leading political historians Barack Obama's election as the first African American president seemed to usher in a new era, and he took office in 2009 with great expectations. But by his second term, Republicans controlled Congress, and, after the 2016 presidential election, Obama's legacy and the health of the Democratic Party itself appeared in doubt. In *The Presidency of Barack Obama*, Julian Zelizer gathers leading American historians to put President Obama and

his administration into political and historical context. These writers offer strikingly original assessments of the big issues that shaped the Obama years, including the conservative backlash, race, the financial crisis, health care, crime, drugs, counterterrorism, Iraq and Afghanistan, the environment, immigration, education, gay rights, and urban policy. Together, these essays suggest that Obama's central paradox is that, despite effective policymaking, he failed to receive credit for his many achievements and wasn't a party builder. Provocatively, they ask why Obama didn't unite Democrats and progressive activists to fight the conservative counter-tide as it grew stronger. Engaging and deeply informed, *The Presidency of Barack Obama* is a must-read for anyone who wants to better understand Obama and the uncertain aftermath of his presidency. Contributors include Sarah Coleman, Jacob Dlamini, Gary Gerstle, Risa Goluboff, Meg Jacobs, Peniel Joseph, Michael Kazin, Matthew Lassiter, Kathryn Olmsted, Eric Rauchway, Richard Schragger, Paul Starr, Timothy Stewart-Winter, Thomas Sugrue, Jeremi Suri, Julian Zelizer, and Jonathan Zimmerman.

Barack Obama

The groundbreaking multigenerational biography, a richly textured account of President Obama and the forces that shaped him and sustain him, from Pulitzer Prize-winning reporter, political commentator, and acclaimed biographer David Maraniss. In *Barack Obama: The Story*, David Maraniss has written a deeply reported generational biography teeming with fresh insights and revealing information, a masterly narrative drawn from hundreds of interviews, including with President Obama in the Oval Office, and a trove of letters, journals, diaries, and other documents. The book unfolds in the small towns of Kansas and the remote villages of western Kenya, following the personal struggles of Obama's white and black ancestors through the swirl of the twentieth century. It is a roots story on a global scale, a saga of constant movement, frustration and accomplishment, strong women and weak men, hopes lost and deferred, people leaving and being left. Disparate family threads converge in the climactic chapters as Obama reaches adulthood and travels from Honolulu to Los Angeles to New York to Chicago, trying to make sense of his past, establish his own identity, and prepare for his political future. *Barack Obama: The Story* chronicles as never before the forces that shaped the first black president of the United States and explains why he thinks and acts as he does. Much like the author's classic study of Bill Clinton, *First in His Class*, this promises to become a seminal book that will redefine a president.

Barack Obama

An international bestseller which has sold over a million copies in the UK, *Dreams From My Father* is a refreshing, revealing portrait of a young man asking big questions about identity and belonging. The son of a Black African father and a white American mother, Barack Obama recounts an emotional odyssey, retracing the migration of his mother's family from Kansas to Hawai'i, then to his childhood home in Indonesia. Finally he travels to Kenya, where he confronts the bitter truth of his father's life and at last reconciles his divided inheritance. Written nearly fifteen years before becoming president, *Dreams from My Father* is an unforgettable read. It illuminates not only Obama's journey, but also our universal desire to understand our history and what makes us who we are.

Dreams From My Father

Barack Obama's success in becoming President of the United States meant that he dramatically changed the face that his country presented to the world. In this bestselling book, Barack Obama discusses the importance of empathy in politics, his hopes for a different America with different policies, and how the ideals of its democracy can be renewed. With intimacy and self-deprecating humour, Obama describes his experiences as a politician and balancing his family life with his public vocation. His search for consensus and his respect for the democratic process inform every sentence. A senator and a lawyer, a professor and a father, a Christian and a sceptic, Barack Obama has written a book of transforming power that will inspire people the world over.

The Audacity of Hope

Distinguishing itself from the mass of political biographies of Barack Obama, this first interdisciplinary study of Obama's Indonesian and Hawai'ian years examines their effect on his adult character, political identity, and global world-view. The first 18 years of President Obama's life, from his birth in 1961 to his departure for college in 1979, were spent in Hawai'i and Indonesia. These years fundamentally shaped the traits for which the adult Obama is noted—his protean identity, his nuanced appreciation of multiple views of the same object, his cosmopolitan breadth of view, and his self-rooted "outpost" patriotism. *Barack Obama in Hawai'i and Indonesia: The Making of a Global President* is the first study to examine, in fascinating detail, how his early years impacted this unique leader. Existing biographies of President Obama are primarily political treatments. Here, cross-cultural psychologist and marketing consultant Dinesh Sharma explores the connections between Obama's early upbringing and his adult views of civil society, secular Islam, and globalization. The book draws on the author's on-the-ground research and extensive first-hand interviews in Jakarta; Honolulu; New York; Washington, DC; and Chicago to evaluate the multicultural inputs to Obama's character and the ways in which they prepared him to meet the challenges of world leadership in the 21st century.

Barack Obama in Hawai'i and Indonesia

In third grade, Barack Obama wrote an essay titled, "I Want to Become President"—and he is, to this day, determined to show the world that, yes, he can. Born in the U.S.A., the son of an African father and an American mother, a boy who spent his childhood in Indonesia and Hawaii, Barack Obama is truly a citizen of the world. His campaign for the presidency is powered by a fierce optimism, an exuberant sense of purpose and determination, and, above all, a belief that change can happen. Garen Thomas takes us through the life of Barack Obama, from his struggle to fit in with his classmates and concern about not knowing his biological father, through his term as Illinois senator, to his historic and momentum-building run for president of the United States. Barack Obama is a man who uses his words to inspire us. We can have a better future. We can be whatever we want to be. Yes. We. Can.

Yes We Can

In this insightful biography, Burton I. Kaufman explores how the political career of Barack Obama was marked by conservative tendencies that frustrated his progressive supporters and gave the lie to socialist fearmongering on the right. Obama's was a landmark presidency that paradoxically, Kaufman shows, resulted in few, if any, radical shifts in policy. Following his election, President Obama's supporters and detractors anticipated radical reform. As the first African American to serve as president, he reached the White House on a campaign promise of change. But Kaufman finds in Obama clear patterns of classical conservatism of an ideological sort and basic policy-making pragmatism. His commitment to usher in a multiracial, multiethnic, and multicultural society was fundamentally connected to opening up, but not radically altering, the existing free enterprise system. The Affordable Care Act, arguably President Obama's greatest policy achievement, was a distillation of his complex motivations for policy. More conservative than radical, the ACA fitted the expansion of health insurance into the existing system. Similarly, in foreign policy, Obama eschewed the use of force to affect regime change. Yet he kept boots on the ground in the Middle East and supported ballot-box revolts geared toward achieving in foreign countries the same principles of liberalism, free enterprise, and competition that existed in the United States. In estimating the course and impact of Obama's full political life, Kaufman makes clear that both the desire for and fear of change in the American polity affected the popular perception but not the course of action of the forty-fourth US president.

Barack Obama

Highlights the life and political career of the forty-fourth president of the United States.

Barack Obama

The 44th U.S. President, Barack Obama, has fulfilled the dream of inclusiveness for American society by moving contemporary society closer towards universal equality for all. Dr Thomas E Carney has written a powerful and incisive volume on the life and policies of Obama from his birth in Hawaii in 1961, through his diverse roots in Hawaii and Indonesia, to his education in Jakarta (St. Francis of Assisi) and Honolulu (Punahou), Occidental and Columbia Universities, to his presidency of the prestigious Harvard Law Review in 1990. The challenges Barack Obama faced are traced from his graduation from Harvard Law School in 1991, his first jobs with Business International Corporation and the New York Public Interest Research Group, through his internship with the Chicago law firm of Sidley & Austin where he met future wife Michelle who was his appointed mentor, to his own law position with Davis, Miner, Barnhill & Galland. Obama also worked as a community organiser early in his career seeking justice in voting rights, tenant rights, employment rights, and anti-trust suits. He worked on the Illinois Vote Project in 1992 and became a lecturer at the University of Chicago's Law School where he taught Constitutional Law. This excellent biography follows Barack Obama through his election from the 13th district to the Illinois State Senate in 1996, his successful campaign to win a U.S. Senate seat from Illinois in 2004, and the winning of the presidency in 2008. All the important policies of President Obama's election in 2008 and first term are discussed in detail: the economy and government TARP policies; fights against terrorism; the wars in Afghanistan and Iraq; the DREAM issues over immigration; and the DOMA discussions. As the first African-American President, this life story of President Barack Obama extending to the end of his first presidential term is a wise and moving story of hard-fought success. Barack Obama's life offers a strong role model of fine character for Americans young and old.

Barack Obama

Right on time for election season comes an updated biography of our 44th President—written just for kids! President Barack Obama's election in 2008 energized the United States and the world. And though the last few years haven't been easy, this president has spent a lifetime overcoming obstacles. President Barack Obama's early involvement with politics was inspired by his mother's interest in the controversial social issues of her times—a passion that she passed on to her son. As the first African American editor of the Harvard Law Review, the first African American presidential nominee of a major political party, and eventually the first African American president of the United States, Barack Obama has consistently shattered barriers—barriers that some people thought could never be overcome. However, President Obama's life has had its challenges. Born to a Kenyan father and an American mother, Barack grew up in Hawaii and Indonesia, where he faced discrimination and struggles with his own racial identity. Despite these obstacles, Barack persevered and had a successful political career even before his historic win in the 2008 presidential election. Containing vital and current information, this biography will bring you up to date with all the latest from the Oval Office, and much more!

Barack Obama

I have tried to tell the story of my father, our father, as best as I can with the distinguished assistance of my co-author, Frank Koyoo. Frank came to me with this idea and revealed that he had begun to do a story about my father Barack Hussein Obama. He wanted to write this book, but he did not feel that he was the right person to do it. He knew that his story's subjects were alive, and he proceeded to seek out the one who would have the best and most knowledgeable information about the man. He came to me, and although I, at first, was hesitant and uncertain about his intentions and the project in general, I realized that this was a real opportunity to tell our father's story, an authentic account from an authentic source. We have tried to do our best in telling the story of a man who started out from the heart of the African bushland, traveled to heart of the great American continent, and achieved the highest in intellectual accomplishments, returning to his native Africa, of which he had the highest esteem. His dream was to restore Africa to its historical greatness, to establish and build a new and better place for his people. His goal was for a place where his children and the children of his people lived in a land of plenty in peace, love, and harmony. His passion was education,

honesty, and perfection. He had lofty ideals and was generous and kind. He had his shortcomings as is natural for all of us. This is his story; some of it is factual, some of it as close to factual as could be, and others made to most closely fit into the general picture of Luoland, Kenya, and Luo culture. Things did not turn out as he had planned, and life was great at one time and at the lowest at others, but he kept on until he met his death at the young age of forty-six on 26 November 1982. His life was cut short when he was getting back on his feet. There was talk about the circumstances of my father's death. It was difficult to accept that he had died. There was talk that he had been in the company of friends, the identity of whom is still a mystery, and had received some large sums of cash, the whereabouts of which no one has ever been able to determine, a classic conspiracy theory that may have some truth to it because my father was pulling himself together and was getting back on his feet. Somebody somewhere was bound to be threatened and could have had a hand in his death. Barack Hussein Obama; son of Akumu Nyanjoga (daughter of Njoga). Years have turned over, and memories have dimmed in some places, but all in all, we have done our best and hope that justice has been done and that you, our readers, find this material excellent to read and to your approval. We hope that wherever he is, he can look back and through us feel vindicated. He did his bit, and now he can look at us and heave a sigh of relief, knowing that we are doing well. Rest in peace, Dad; we love you.

Barack Obama Sr.

The dissident Left dismantles Obama's failed \"progressive\" agenda.

Hopeless

Journalist Stanley Kurtz examines the politics of Barack Obama, focusing on his alleged socialist convictions, and suggesting that Obama's visions for the United States and long-term strategy are influenced by connections to radical groups and the Socialist Scholars Conferences.

Radical-in-Chief

Relive the extraordinary Presidency of Barack Obama through White House photographer Pete Souza's behind-the-scenes images and stories in this #1 New York Times bestseller -- with a foreword from the President himself. During Barack Obama's two terms, Pete Souza was with the President during more crucial moments than anyone else -- and he photographed them all. Souza captured nearly two million photographs of President Obama, in moments highly classified and disarmingly candid. Obama: An Intimate Portrait reproduces more than 300 of Souza's most iconic photographs with fine-art print quality in an oversize collectible format. Together they document the most consequential hours of the Presidency -- including the historic image of President Obama and his advisors in the Situation Room during the bin Laden mission -- alongside unguarded moments with the President's family, his encounters with children, interactions with world leaders and cultural figures, and more. Souza's photographs, with the behind-the-scenes captions and stories that accompany them, communicate the pace and power of our nation's highest office. They also reveal the spirit of the extraordinary man who became our President. We see President Obama lead our nation through monumental challenges, comfort us in calamity and loss, share in hard-won victories, and set a singular example to \"be kind and be useful,\" as he would instruct his daughters. This book puts you in the White House with President Obama, and is a treasured record of a landmark era in American history.

Obama: An Intimate Portrait

The #1 New York Times bestselling picture-book biography of President Barack Obama is now in paperback. Ever since Barack Obama was young, Hope has lived inside him. From the beaches of Hawaii to the streets of Chicago, from the jungles of Indonesia to the plains of Kenya, he has held on to Hope. Even as a boy, Barack knew he wasn't quite like anybody else, but through his journeys he found the ability to listen to Hope and become what he was meant to be: a bridge to bring people together. This is the moving story of our 44th President, told by Nikki Grimes and illustrated by Bryan Collier, both winners of the Coretta Scott

King Award. Barack Obama has motivated Americans to believe with him, to believe that every one of us has the power to change ourselves and change our world.

Barack Obama

At this defining moment in our history, Americans are hungry for change. After years of failed policies and failed politics from Washington, this is our chance to reclaim the American dream. Barack Obama has proven to be a new kind of leader—one who can bring people together, be honest about the challenges we face, and move this nation forward. *Change We Can Believe In* outlines his vision for America. In these pages you will find bold and specific ideas about how to fix our ailing economy and strengthen the middle class, make health care affordable for all, achieve energy independence, and keep America safe in a dangerous world. *Change We Can Believe In* asks you not just to believe in Barack Obama's ability to bring change to Washington, it asks you to believe in yours.

Change We Can Believe In

In this tender, beautiful letter to his daughters, President Barack Obama has written a moving tribute to thirteen groundbreaking Americans and the ideals that have shaped his nation. From the artistry of Georgia O'Keeffe, to the courage of Jackie Robinson, to the patriotism of George Washington, President Obama sees the traits of these heroes within his own children, and within all children. Breathtaking, evocative illustrations by award-winning artist Loren Long at once capture the personalities and achievements of these great Americans and the innocence and promise of childhood. This beautiful book celebrates the characteristics that unite all Americans, from the nation's founders to generations to come. It is about the potential within each of us to pursue our dreams and forge our own paths.

Of Thee I Sing

The Obama Portraits

When President Barack Hussein Obama left office January 20, 2017, he left a fascinating legacy. The Obama Presidency will remain an intriguing part of our nation's political history, and we can now say that there were unexpected achievements and failures. His tenure was both historical and complex, and will inevitably be compared with his predecessors and successors. The chapters in this volume are a serious assessment of President Obama's tenure written by a diverse team that includes political scientists, sociologists, historians, and economists. They provide critical insights into the man and his policies and, more importantly, are written in a manner that makes them available to laypersons, journalists, students, and scholars.

Looking Back on President Barack Obama's Legacy

The Case Against Barack Obama by National Review's David Freddoso blasts Obama for failing to take on the Chicago machine, for listening to "\"radical advisors,\"" and for backing "\"doctrinaire liberal\"" causes from

teachers unions to abortion rights. It does not, however, compare him to Paris Hilton, or dwell at length on his religion or race - making the substance of *The Case Against Barack Obama* sound unfamiliar amid a campaign cacophony of hyperbolic web ads, alleged race cards, and viral smears. Freddoso says John McCain's campaign and Republicans at large are making the wrong case against the Illinois senator. You don't beat him by comparing him to Paris Hilton, as McCain's latest advertising campaign did; the more important thing is really to look at who he is. Is he really a great reformer? Or just another liberal?

The Case Against Barack Obama

"One of the most important political books of 2018."—Rod Dreher, *American Conservative* Of the three dominant ideologies of the twentieth century—fascism, communism, and liberalism—only the last remains. This has created a peculiar situation in which liberalism's proponents tend to forget that it is an ideology and not the natural end-state of human political evolution. As Patrick Deneen argues in this provocative book, liberalism is built on a foundation of contradictions: it trumpets equal rights while fostering incomparable material inequality; its legitimacy rests on consent, yet it discourages civic commitments in favor of privatism; and in its pursuit of individual autonomy, it has given rise to the most far-reaching, comprehensive state system in human history. Here, Deneen offers an astringent warning that the centripetal forces now at work on our political culture are not superficial flaws but inherent features of a system whose success is generating its own failure.

Why Liberalism Failed

ONE OF BARACK OBAMA'S BEST BOOKS OF 2020 WINNER OF THE ANISFIELD-WOLF BOOK AWARD SHORTLISTED FOR THE 2021 CARNEGIE MEDAL IN NON-FICTION 'This will be read for many, many years to come as a classic not just of the memoir genre but of contemporary writing' Simon Schama 'The work of a poet. A great poet' Financial Times 'A must-read classic' Mary Karr 'Trethewey writes elegantly, trenchantly, intimately as well about the fraught history of the south and what it means live at the intersection of America's struggle between blackness and whiteness. And what, in our troubled republic, is a subject more evergreen?' Mitchell S. Jackson Natasha Trethewey was born in Mississippi in the 60s to a black mother and a white father. When she was six, Natasha's parents divorced, and she and her mother moved to Atlanta. There, her mother met the man who would become her second husband, and Natasha's stepfather. While she was still a child, Natasha decided that she would not tell her mother about what her stepfather did when she was not there: the quiet bullying and control, the games of cat and mouse. Her mother kept her own secrets, secrets that grew harder to hide as Natasha came of age. When Natasha was nineteen and away at college, her stepfather shot her mother dead on the driveway outside their home. With penetrating insight and a searing voice that moves from the wrenching to the elegiac, *Memorial Drive* is a compelling and searching look at a shared human experience of sudden loss and absence, and a piercing glimpse at the enduring ripple effects of white racism and domestic abuse. Luminous, urgent, and visceral, it cements Trethewey's position as one of the most important voices in America today.

Memorial Drive

The election of Barack Obama to the presidency in 2008 was hailed by many as a historic event and by some as the end of the Reagan era in American politics. But conservatives have condemned Obama from the beginning of his presidency, and many progressives charge that Obama has betrayed the causes that he espoused in 2008. This book offers a brilliant critique of Obama's presidency and a powerful case that progressives should not give up on Obama. Gary Dorrien, described by Princeton philosopher Cornel West as "the preeminent social ethicist in North America today," argues that Obama is a figure of "protean irony and complexity." Obama has been a bitter disappointment in many ways, Dorrien contends, yet Obama also has historic achievements to his credit that are too often discounted. Dorrien emphasizes the importance of Obama's story to his career and devotes chapters to the economic crisis, the health care reform debate, war and foreign policy, banking regulation and the federal budget, and the case for a progressive politics of the

common good. Ultimately, Dorrien says, the Obama question is whether or not Obama's presidency will mark the end of the Reagan era—when giant corporations and the wealthy got whatever they wanted, military budgets soared, and American politics was ruled by the fantasy of tax cuts paying for themselves. Dorrien argues that there is still time to redeem the hope of the 2008 election, bringing an end to the Reagan era. The Obama Question will stand as an insightful evaluation of a tumultuous presidency long after the next election has passed.

The Obama Question

The personal and political history of the first Afro-American nominee for the US presidential election is condensed into this single volume, packed with entertaining illustrations that provide a complete introduction to the ground-breaking senator for Illinois. The book can be read quickly, allowing those who know little about Obama to develop a reliable foundation of knowledge whilst observers who know more will find it a comprehensive overview. Professionals can use it as a reference and index of available source material.

Barack Obama for Beginners

Historic, intriguing, and important in so many ways, the Obama presidency will be studied by scholars and students for years to come. With the rise in hyperpartisanship, legislative gridlock, political dysfunction, "fake news," and other negative trends, it is imperative that academicians weigh in with a rigorous assessment of Obama's presidency. This volume applies a variety of scholarly approaches to analyze the impact of Obama as a leader and policymaker. Scholars from disciplines such as political science, history, environmental science, economics, and communication come together to provide an interdisciplinary and wide-ranging appraisal of the president. Across the varied chapters, Obama's leadership is central to understanding the success or failure of his policies and initiatives. The president's decisions and actions are also assessed against the constraints and possibilities created by the modern US political system, rapid changes in technology and society, and shifting patterns in international relations. The result is a book that covers executive leadership, administration, domestic issues, foreign and national security policy, and more, to present a comprehensive review of the Obama legacy.

Leadership and Legacy

Examines black voters' relationship to the political process and to the first black president in a prematurely post-racial America using interviews with members of the Congressional Black Caucus, empirical data, news accounts, academic literature and case law.

Barack Obama, Post-Racialism, and the New Politics of Triangulation

The paradox of racial inequality in Barack Obama's America Barack Obama, in his acclaimed campaign speech discussing the troubling complexities of race in America today, quoted William Faulkner's famous remark "The past isn't dead and buried. In fact, it isn't even past." In *Not Even Past*, award-winning historian Thomas Sugrue examines the paradox of race in Obama's America and how President Obama intends to deal with it. Obama's journey to the White House undoubtedly marks a watershed in the history of race in America. Yet even in what is being hailed as the post-civil rights era, racial divisions—particularly between blacks and whites—remain deeply entrenched in American life. Sugrue traces Obama's evolving understanding of race and racial inequality throughout his career, from his early days as a community organizer in Chicago, to his time as an attorney and scholar, to his spectacular rise to power as a charismatic and savvy politician, to his dramatic presidential campaign. Sugrue looks at Obama's place in the contested history of the civil rights struggle; his views about the root causes of black poverty in America; and the incredible challenges confronting his historic presidency. Does Obama's presidency signal the end of race in American life? In *Not Even Past*, a leading historian of civil rights, race, and urban America offers a revealing and unflinchingly honest assessment of the culture and politics of race in the age of Obama, and of

our prospects for a postracial America.

Not Even Past

The first sweeping, legacy-defining history of the entire Obama presidency. Finalist of the PROSE Award for Best Book in Biography & Autobiography by the Association of American Publishers In *The Black President*, the first interpretative, grand-narrative history of Barack Obama's presidency in its entirety, Claude A. Clegg III situates the former president in his dynamic, inspirational, yet contentious political context. He captures the America that made Obama's White House years possible, while insightfully rendering the America that resolutely resisted the idea of a Black chief executive, thus making conceivable the ascent of the most unlikely of his successors. In elucidating the Obama moment in American politics and culture, this book is also, at its core, a sweeping exploration of the Obama presidency's historical environment, impact, and meaning for African Americans—the tens of millions of people from every walk of life who collectively were his staunchest group of supporters and who most starkly experienced both the euphoric triumphs and dispiriting shortcomings of his years in office. In Obama's own words, his White House years were “the best of times and worst of times” for Black America. Clegg is vitally concerned with the veracity of this claim, along with how Obama engaged the aspirations, struggles, and disappointments of his most loyal constituency and how representative segments of Black America engaged, experienced, and interpreted his historic presidency. Clegg draws on an expansive archive of materials, including government records and reports, interviews, speeches, memoirs, and insider accounts, in order to examine Obama's complicated upbringing and early political ambitions, his delicate navigation of matters of race, the nature and impacts of his administration's policies and politics, the inspired but also carefully choreographed symbolism of his presidency (and Michelle Obama's role), and the spectrum of allies and enemies that he made along the way. The successes and the aspirations of the Obama era, Clegg argues, are explicitly connected to our current racist, toxic political discourse. Combining lively prose with a balanced, nonpartisan portrait of Obama's successes and failures, *The Black President* will be required reading not only for historians, politics junkies, and Obama fans but also for anyone seeking to understand America's contemporary struggles with inequality, prejudice, and fear.

The Black President

Much has been written about the historic nature of the Obama campaign. The multi-year, multi-billion dollar operation elected the nation's first black president, raised and spent more money than any other election effort in history, and built the most sophisticated voter targeting technology ever before used on a national campaign. What is missing from most accounts of the campaign is an understanding of how Obama for America recruited, motivated, developed, and managed its formidable army of 2.2 million volunteers. Unlike previous field campaigns that drew their power from staff, consultants, and paid canvassers, the Obama campaign's capacity came from unpaid local citizens who took responsibility for organizing their own neighborhoods months--and even years--in advance of election day. In so doing, *Groundbreakers* argues, the campaign engaged citizens in the work of practicing democracy. How did they organize so many volunteers to produce so much valuable work for the campaign? This book describes how. Elizabeth McKenna and Hahrie Han argue that the legacy of Obama for America extends beyond big data and micro-targeting; it also reinvigorated and expanded traditional models of field campaigning. *Groundbreakers* makes the case that the Obama campaign altered traditional ground games by adopting the principles and practices of community organizing. Drawing on in-depth interviews with OFA field staff and volunteers, this book also argues that a key achievement of the OFA's field organizing was its transformative effect on those who were a part of it. Obama the candidate might have inspired volunteers to join the campaign, but it was the fulfilling relationships that volunteers had with other people--and their deep belief that their work mattered for the work of democracy--that kept them active. *Groundbreakers* documents how the Obama campaign has inspired a new way of running field campaigns, with lessons for national and international political and civic movements.

Groundbreakers

How Obama overestimated the power of rhetoric and persuasion during his presidency When Barack Obama became president, many Americans embraced him as a transformational leader who would fundamentally change the politics and policy of the country. Yet, two years into his administration, the public resisted his calls for support and Congress was deadlocked over many of his major policy proposals. How could this capable new president have difficulty attaining his goals? Did he lack tactical skills? In *Overreach*, respected presidential scholar George Edwards argues that the problem was strategic, not tactical. He finds that in President Obama's first two years in office, Obama governed on the premise that he could create opportunities for change by persuading the public and some congressional Republicans to support his major initiatives. As a result, he proposed a large, expensive, and polarizing agenda in the middle of a severe economic crisis. The president's proposals alienated many Americans and led to a severe electoral defeat for the Democrats in the 2010 midterm elections, undermining his ability to govern in the remainder of his term. Edwards shows that the president's frustrations were predictable and the inevitable result of misunderstanding the nature of presidential power. The author demonstrates that the essence of successful presidential leadership is recognizing and exploiting existing opportunities, not in creating them through persuasion. When Obama succeeded in passing important policies, it was by mobilizing Democrats who were already predisposed to back him. Thus, to avoid overreaching, presidents should be alert to the limitations of their power to persuade and rigorously assess the possibilities for obtaining public and congressional support in their environments.

New York Times Book Review "A stout defense--indeed, the best I have read--of the Obama years." A New York Times Bestseller David Axelrod has always been a believer. Whether as a young journalist investigating city corruption, a campaign consultant guiding underdog candidates against entrenched orthodoxy, or as senior adviser to the president during one of the worst crises in American history, Axelrod held fast to his faith in the power of stories to unite diverse communities and ignite transformative political change. Now this legendary strategist, the mastermind behind Barack Obama's historic election campaigns, shares a wealth of stories from his forty-year journey through the inner workings of American democracy. *Believer* is the tale of a political life well lived, of a man who never gave up on the deepest promises our country has to offer. *Believer* reveals the roots of Axelrod's devotion to politics and his faith in democratic change. As a child of the '60s in New York City, Axelrod worked his first campaigns during a tumultuous decade that began with soaring optimism and ended in violence and chaos. As a young newspaperman in Chicago during the 1970s and '80s, Axelrod witnessed another world transformed when he reported on the dissolution of the last of the big city political machines—Richard Daley, Dan Rostenkowski, and Harold Washington—along with the emergence of a dynamic black independent movement that ultimately made Obama's ascent possible. After cutting his teeth in the rollicking world of Chicago journalism, Axelrod switched careers to become a political strategist. His unorthodox tactics during his first campaign helped him get Paul Simon unexpectedly elected to the Senate, and soon Axelrod's counsel was sought by the greatest lights of the Democratic Party. Working for path breakers like Hillary Clinton, Deval Patrick, and Rahm Emanuel—and morally conflicted characters like Rod Blagojevich and John Edwards—Axelrod, for better and worse, redefined the techniques by which modern political campaigns are run. The heart of *Believer* is Axelrod's twenty-year friendship with Barack Obama, a warm partnership that inspired both men even as it propelled each to great heights. Taking a chance on an unlikely candidate for the U.S. Senate, Axelrod ultimately collaborated closely with Obama on his political campaigns, and served as the invaluable strategist who contributed to the tremendous victories of 2008 and 2012. Switching careers again, Axelrod served as senior adviser to the president during one of the most challenging periods in national history: working at Obama's side as he battled an economic disaster; navigated America through two wars; and fought to reform health care, the financial sector, and our gridlocked political institutions. In *Believer*, Axelrod offers a deeper and richer profile of this extraordinary figure—who in just four years vaulted from the Illinois State Senate to the Oval Office—from the perspective of one who was at his side every step of the way. Spanning forty years that include corruption and transformation, turmoil and progress, *Believer* takes readers behind the closed

doors of politics even as it offers a thrilling call to democratic action. Axelrod's *Believer* is a powerful and inspiring memoir enlivened by the charm and candor of one of the greatest political strategists in recent American history. DORIS KEARNS GOODWIN, author of *The Bully Pulpit* and *Team of Rivals* "Beautifully written with warmth, humor, and remarkable self-awareness, *Believer* is one of the finest political memoirs I have ever read."

Believer

Through extensive on-the-record interviews with friends and teachers, mentors and disparagers, family members and Obama himself, David Remnick demonstrates how a rootless, unaccomplished, and confused young man created himself first as a community organizer in Chicago, then as a Harvard Law School graduate, and finally as President of the United States. "By looking at Obama's political rise through the prism of our racial history, Remnick gives us the conflicting agendas of black politicians: the dilemmas of ... heroes of the civil rights movement who are forced to reassess old loyalties and understand the priorities of a new generation of African-American leaders. *The Bridge* revisits the American drama of race, from slavery to civil rights, and makes clear how Obama's quest is not just his own but is emblematic of a nation where destiny is defined by individuals keen to imagine a future that is different from the reality of their current lives." -- from publisher description.

The Bridge

"You must read this perceptive and well written book. Then you will know why Barack Obama has such a passion for justice and equity." —Archbishop Desmond Tutu Barack Obama. The speculation about his religious life abounds. Is he a closet Muslim? Is he really a Christian? Did his faith have anything to do with his governing? As the picture of President Obama's faith has emerged, questions about the foundation of his beliefs continue to ignite debate. In this updated edition of his international bestseller *The Faith of Barack Obama*, New York Times bestselling author Stephen Mansfield explores the claims of Obama's detractors and supporters alike, while examining how the challenges of the presidency shaped Obama's religious beliefs. This evenhanded account of the former president's spiritual life provides a closer look at the people and events that have influenced his belief system. Mansfield analyzes Obama's friendship with the controversial Jeremiah Wright and also profiles the Christian leaders who offered guidance and support during the president's challenging term. Mansfield takes you inside the religious life of Barack Obama, introducing you to the type of preaching the president heard at Camp David and even revealing details such as the content of the daily devotional readings the former president received on his cell phone. This fascinating study explains the faith elements within Obama's politics, while acknowledging the questions about his beliefs that remain unanswered. "Mansfield presents an analysis of Obama's distinctly postmodern journey that will generate valuable discussion across the religious spectrum." —Publishers Weekly

The Faith of Barack Obama

A vibrant celebration of President Obama, this stunning commemorative book provides a valuable record of his historical presidency and the years since he left office. It has now been more than two years since Barack Obama concluded his historic two-term presidency. Through stunning images by White House photographers and others, as well as notable essays and quotes from a broad spectrum of people, this updated edition of *Obama* looks back at the President's journey—from his remarkable victory, to his significant milestones and final days in office, to his life after the White House. *Obama* features rare and previously unseen photographs, along with iconic images and newspaper front pages. It also features dramatic pictures—including the iconic shot from the situation room as the president and his staff watched the live unfolding of the Osama bin Laden raid; day-to-day images of Obama in his roles as world leader, policymaker, commander in chief, and father. There are lighthearted photos from the White House Correspondents' Dinner, late-night television appearances, and moments with the entire Obama family. Sixteen additional pages follow President Obama in recent years campaigning for Democratic candidates,

engaging in philanthropic work, and traveling the world. The expanded volume updates the status of many of Obama's groundbreaking achievements, such as the Affordable Care Act (aka "Obamacare"), the Iran nuclear deal, the Paris climate accord, EPA protections, transgender rights, DACA, and much more. Obama is truly a keepsake memento of a beloved president.

Obama

A provocative, lively deep-dive into the meaning of America's first black president and first black presidency, from "one of the most graceful and lucid intellectuals writing on race and politics today" (Vanity Fair)

The Black Presidency

President Barack Obama's *Dreams of My Father* (1995) and *The Audacity of Hope* (2006) have received positive and extensive critical attention from both professional reviewers and University scholars. While literary intellectuals have praised Obama's memoirs for the style in which he composed them, social scientists and partisan political analysts have thus far generally monopolized discussion of President Obama's writings. Yet there has been a recent surge of interest in the literary merits of Obama's writings. Our volume understands "literary" to indicate a host of a priori relationships that successful, artful writing brings to the surface of a written work. These are instantiated in narrative form, thereby revealing what Edward W. Said famously defined as the "worldliness" of the literary object. In the case of President Obama's writings, and *Dreams from My Father* in particular, those relationships are evident in the author's negotiation of literary tradition, rhetorical modes and historical narratives. By positioning the "literary" at this vantage, at the point where writing and the world converge, the volume's contributors assert the indispensable, and urgent, import of understanding the President not only in political terms, but, more importantly, in literary terms that place him within a long tradition of American literary-political authorship.
