Creative Writing in Post-Secondary Education

A blend of memoir and scholarly review, this book explores the kinds of thinking creative writing as a distinctly practical subject makes possible within post-secondary education. Taking the idea that creative writing should be grounded in practice, Lisa Martin explores how the nature of the subject gives permission to think specifically, locally, from one's own position, and in a necessarily limited way \u0096 without having one's thinking discounted as lacking rigour as a result. Modelling the deep and essential connection between practice and research in the field, this book considers post-secondary creative writing in its three key aspects \u0096 artistic practice, pedagogical practice, and practice-led research \u0096 in order to articulate the distinctive contributions creative writing makes to what \u0093thinking\u0094 means (and whose thinking gets included). Drawing on Martin's own artistic practice as well as more than a decade of pedagogical experience in creative writing, this book braids together disciplinary history, research-informed autobiographical analysis of artistic practice and pedagogy, and scholarly research in adjacent fields such as creativity studies and educational psychology. Connecting creative writing's central commitment to artistic practice and local, material, embodied thinking with the development of learner-centred pedagogies, *Creative Writing in Post-Secondary Education* is timely, important and will spark spirited discussion within a debate that has been simmering since the inception of creative writing.

Moments for Music

Musicals of the 1990s felt the impact of key developments that forever changed the landscape of Broadway. While the onslaught of British imports slowed down, the so-called Disneyfication of Broadway began, a trend that continues today. *Beauty and the Beast* and *The Lion King* became long-running hits, followed by more family-friendly musicals. The decade was also distinguished by a new look at revivals—instead of slavishly reproducing old shows or updating them with campy values, Broadway saw a stream of fresh and sometimes provocative reinventions, including major productions of *My Fair Lady*, *Damn Yankees*, *Carousel*, *Show Boat*, and *Chicago*. In *The Complete Book of 1990s Broadway Musicals*, Dan Dietz examines in detail every musical that opened on Broadway during the 1990s. This book discusses the era's major hits (*Miss Saigon*, *Crazy for You*, *Rent*), notorious flops (*Shogun*, *Nick & Nora*, *The Red Shoes*), controversial shows (*Passion*, *The Capeman*), and musicals that closed during their pre-Broadway tryouts (*Annie 2: Miss Hannigan's Revenge*, *Whistle Down the Wind*). In addition to including every hit and flop that debuted during the decade, this book highlights revivals and personal-appearance revues with such performers as Sandra Bernhard, Michael Feinstein, Patti LuPone, Liza Minnelli, and Mandy Patinkin. Each entry contains the following information: Plot summary Cast members Names of all important personnel, including writers, composers, directors, choreographers, producers, and musical directors Opening and closing dates Number of performances Critical commentary Musical numbers and the performers who introduced the songs Production data, including information about tryouts Source material Tony awards and nominations Details about London and other foreign productions Besides separate entries for each production, the book offers numerous appendixes, including a discography, filmography, and published scripts, as well as lists of Gilbert and Sullivan operettas, black-themed shows, and Jewish-themed productions. A treasure trove of information, *The Complete Book of 1990s Broadway Musicals* provides a comprehensive view of each show. This significant resource will be of use to scholars, historians, and casual fans of one of the greatest decades in musical theatre history.

A Letter to My Father is an extraordinary autobiography of a young black man growing up in a loving and supportive close-knit family, who finds himself struggling through what he sees as the minefields established by the racial and oppressive nature of White America. As the title denotes, A Letter To My Father is a revealing conversation of a son to his father. However, the father is deceased and the letter conveys to him what happened to their family after his death. The author shares his personal memories, as well as those conveyed to him by his mother, brother, and extended family. He writes his father about a loving and caring mother and her struggle to raise their two sons alone; and about a big brother who protects him and tries to become the father they both were without. The book in its unique format, tells of a young mans experiences while growing up in the streets of Philadelphia, PA, surrounded by racial images and trying to find his place in a struggle for political and economic equality against the odds of being black, poor and uneducated in the 1960's. When his search leads him to the black nationalist ideology of the Nation of Islam, he becomes involved in both community activism and crime. Soon this results in his being arrested, charged, and convicted for one of the most heinous crimes ever committed. The case became known as the Washington, D.C. Hanafi Muslim Murders, and although he would eventually be acquitted, he still found himself trapped

in, and swallowed up by a repressive, and counterproductive prison system. As the result of governmental manipulations, he is convicted in the jail-house murder of a government informant, and left to deal with the harsh and brutal realities of prison life. While desperately trying to maintain a positive relationship with his wife and children, he educates himself, helps to establish literacy programs for other prisoners, becomes a teacher, and involves himself in the fight for prison reform. In writing *A Letter To My Father*, the author acknowledges personal responsibility for how his life turns out. He also reveals society's role in arresting the economic, social, and political development of black people in America. Through the eyes of a young black fatherless male, he expresses the frustrations he felt as a member of an outcast minority, who after realizing history's lie, sets out to deal with it in a world full of confused and misguided concepts. The book ends with the deaths of his beloved mother and brother. After being incarcerated for over 26 years, and always having their love and support, he has to deal with and accept the loss of both of them in a six-week span. While he reaffirms his fight for freedom, he realizes that not only has his mother and brother taught him how to stand firm and face the harsh realities of life, but also how to stand firm and face the inevitable reality of death.
