Puppy Socialization

Puppy Socialization: What It Is and How to Do It defines and demystifies the most important thing you can do for your puppy: socialization. The authors don't just tell you what you need to know about socialization.

They show you with dozens of photographs and exclusive linked videos (a live internet connection is needed to view the videos). You'll see other owners socialize their puppies under the guidance of a nationally certified dog trainer and behavior consultant. These real-life examples of socialization show you what to do when things go well and when they don't go so well. You'll learn about:

- The magical time. Did you know that there is a special time in a puppy's life when he is primed to accept new things? The authors tell you when that time is, when that socialization window starts closing, and how a little effort by an owner during that time can save heartache later.
- Canine body language. Puppies and dogs are talking all the time—with their body language. Learn to tell when a puppy or dog is relaxed and happy, a bit nervous about something, or outright fearful.
- Myth-busting. There's a lot of advice out there about socialization and not all of it is good. Some common myths can actually cause a puppy harm. The authors give you the most up-to-date information on puppy socialization and put some harmful myths to rest.
- Socializing a puppy during COVID-19. Puppies have so much to get used to: people, environments, noises, and more. The authors provide strategies for keeping humans and puppies safe while socializing puppies, even during the COVID-19 pandemic.
- What supplies are needed during socialization. The authors provide checklists of things owners need when socializing a puppy at home and away from home.

Dogs For Dummies, 2nd Edition, also covers the following topics and more: Caring for an aging dog Choosing collars, harnesses, halters, and leashes Considering euthanasia Feeding Fido the right way House training puppies and adult dogs Keeping up appearances with good grooming Participating in canine competitions Preparing your dog for a disaster Traveling with your dog Award-winning author Gina Spadafori says the lack of accurate information — not the lack of effort or concern — is often the reason for doomed people-pet pairings. With her help, you can avoid the agony. Dogs For Dummies, 2nd Edition, is full of useful tips, how-to advice, illustrations, and photographs (both color and black-and-white). You deserve a healthy, happy, and well-mannered canine companion; and you'll be the owner every pet wants and deserves — informed, responsible, and loving. P.S. If you think this book seems familiar, you're probably right. The Dummies team updated the cover and design to give the book a fresh feel, but the content is the same as the previous release of Dogs For Dummies (9780764552748). The book you see here shouldn't be considered a new or updated product. But if you're in the mood to learn something new, check out some of our other books. We're always writing about new topics!
