Export and Import Management

Forecasting is required in many situations. Stocking an inventory may require forecasts of demand months in advance. Telecommunication routing requires traffic forecasts a few minutes ahead. Whatever the circumstances or time horizons involved, forecasting is an important aid in effective and efficient planning. This textbook provides a comprehensive introduction to forecasting methods and presents enough information about each method for readers to use them sensibly.

Forecasting: principles and practice

Today textiles and apparel are produced in over 200 countries, and their trade has progressed from independent markets to a complex global distribution system. This work provides a coherent framework for understanding globalisation in the field of textile and apparel.

Export and Import Management

Importing and exporting are trillion-dollar industries — but that doesn't mean they're just for big business. In fact, small businesses make up about 96 percent of this field. Get your share of an ever-expanding economy with the essential advice in this top-selling guide. As a successful import/export agent, you can net a healthy six-figure income by matching buyers and sellers from around the globe, right from your own home. This book is loaded with valuable insights and practical advice for tapping into highly lucrative global markets. You'll learn every aspect of the startup process, including:

- Choosing the most profitable goods to buy and sell
- Setting up and maintaining a trade route
- Using the internet to simplify your transactions
- How the government can help you find products and customers
- Essential trade law information to keep your business in compliance
- How to choose a customs broker
- The latest government policies
- Proven methods for finding contacts in the United States and abroad

Tricks of the trade from successful importers/exporters and hundreds of valuable resources help you become a player in the lucrative world of international exchange.

Going Global

Trade integration contributes substantially to economic development and poverty alleviation. In recent years much progress was made to liberalize the trade regime, but customs procedures are often still complex, costly and non-transparent. This situation leads to misallocation of resources. 'Customs Modernization Handbook' provides an overview of the key elements of a successful customs modernization strategy and draws lessons from a number of successful customs reforms as well as from customs reform projects that have been undertaken by the World Bank. It describes a number of key import procedures, that have proved particularly troublesome for customs administrations and traders, and provides practical guidelines to enhance their efficiency. The Handbook also reviews the appropriate legal framework for customs operations as well as strategies to combat corruption.

Start Your Own Import/Export Business

Many of us have somewhere deep in our hearts a wish to become entrepreneurs. Due to the unavailability of the right information, many of us were unable to venture into this promising segment of international trade and remained confined to meeting our day-to-day needs. This book is an attempt to bring much-needed information in one place to enable a prospective entrepreneur to venture into International Trade. This book tries to bridge the crucial knowledge gap and provide information on areas related to international trade. This book enables prospective entrepreneurs to have a know-how of legal requirements, the ways to find markets & buyers, the requirements of different countries, the risk involved and the risk mitigation measures, the documentation, and the process involved.

Customs Modernization Handbook

"Albaum, Duerr and Strandskov offer a unique focus on export management. The comprehensive coverage provides a wealth of examples and cases with a good spread of academic and non-academic sources. The balance between theory and practice is just right. I highly recommend this text." Geraldine Cohen, Lecturer, School of Business and Marketing, Brunel University

Looking to learn about marketing decisions and management processes needed to develop export operations either in a small to medium size business or in a global corporation? With changing opportunities and challenges in the global environment, International Marketing and Export Management 5th edition provides the most comprehensive and up-to-date coverage on the topic. "In my opinion Albaum, Duerr and Strandskov have written an excellent text book on the subject of International Marketing and students will find it both readable and extremely informative." David Demick, Senior Lecturer, School of Marketing, Entrepreneurship and Strategy, University of Ulster

Geared to both undergraduate and postgraduate courses on International Marketing or Export Marketing/International Trade, this book can also be used as a supplementary text on International Business courses and as a useful

source of reference to even the most experienced of practitioners. New to this edition! In response to recent global developments, the authors have increased emphasis on the following: the impact of the Internet, World Wide Web, and e-commerce the increasing use of specialized software to assist in managing marketing functions, increasing efficiency in logistics, and coordinating and controlling enterprises the impact of technological advances on international marketing the changes resulting from China's rapid, export-led growth and from its entry into the World Trade Organization the growing concerns with respect to social responsibility, and the costs of failure to meet societal expectations. Visit www.booksites.net/albaum to access valuable teaching tools, including an Instructor's Manual and Power Point Slides. Gerald Albaum is Research Professor at the Robert O. Anderson Schools of Management, University of New Mexico and Professor Emeritus of Marketing at the University of Oregon, USA. He is also Senior Research Fellow at the IC2 Institute, University of Texas, Austin, USA. He has been a visiting professor and scholar at universities in Canada, Denmark, New Zealand, Australia, Turkey, France, Finland and Hong Kong. Edwin Duerr is a Professor Emeritus of International Business at San Francisco State University, USA. He has been a visiting professor at universities in Japan, Brazil, Germany, Denmark, Sweden and the Netherlands and has extensive consulting business around the globe. Duerr is also Senior Editor of The Journal of International Business and Economy. Jesper Strandskov is a Professor of International Business at Aarhus School of Business, Denmark. He has been visiting professor at universities in the USA and Australia. He also acts as an international business consultant to several business companies and public institutions.

EXPORT BUSINESS-A BEGINNERS GUIDE

The 21st century has witnessed swift change in every sphere of the human endeavour. Regulatory re-alignment, digitalisation and economic and political developments have contributed to paradigm shift in banking, trade, finance and the shipping industry virtually transforming the landscape. International Trade Finance is an essential tool for bankers, exporters/importers, shippers, consultants, teachers and students navigating the procedures of international trade finance. The book addresses basic topics relating to international trade including letters of credit mechanism, collections of bills, trade customs and practice. New to this revised edition, it covers SWIFT updates, supply chain system, UKEF, Blockchain technologies, the implications of BREXIT, NAFTA, Mexico, Canada and other bilateral agreements and their implications, the US sanctions, terrorist financing and anti-money laundering provisions, and a check list to control financial crime risks in trade finance. The extended metaphor of the book is that of an arm chair tour covering fundamentals to the nuances of the hard core of the subject matter and enabling the readers to deal with complicated implementation issues in a forthright and comprehensive fashion.

International Marketing and Export Management

International trade is one of the favourite industries today. International trade exists because one country has a supply of some commodity or merchandise that is in demand by another country. As the world becomes more and more technologically advanced, international trade becomes more and more rewarding. In recent times, we have seen a major growth in the export and import of goods in India. Seeing this change, more and more entrepreneurs or startups are venturing into this area to reap the opportunities. Practical Guide on How to Start Export-Import Business covers everything about starting export or import business. It describes procedure from business idea to establish and operate an export import house. This book serves as a consultant to entrepreneurs who are thinking to start export import business. This book covers all general, legal and specific rules & regulations applicable to export & import in India. This book will help exporters, importers, Custom House Agents, students who want to know about export & import. It will also serve as checklist while doing actual business. Book focuses more on practical aspects rather than just theory knowledge. The book is written in very simple and lucid language so that even a layman can understand easily about export & import. Book is divided into three parts for easy reference. Where first part covers export, second part covers import and last part covers rules & regulations governing export import. At the end of book, a summary is provided to understand quickly. Special features include: Written in Simple language to understand easily Covers from business idea to establish successful export import house.

Explains practical procedure to establish and operate business. Specific guidance is provided to save your money from fraud. Covers all aspects of custom procedure and selection of product & supplier.

International Trade Finance

This FAO manual on Risk based imported food control aims to support competent authorities in improving the effectiveness of the control measures they are overseeing, based on an analysis of their specific country situation. It discusses the different types of approach to managing risks related to imported food, and provides concrete illustrations of how Codex guidelines can be implemented in different ways. While respecting the principles, guidance and objectives agreed by the Codex Alimentarius Commission, different options for control measures can be selected and combined to implement a coherent set of import controls to best fit the needs of each country. Different examples, as implemented by a number of countries, are provided to show that there are often several options to reach a common goal. It also provides insights on the legal and institutional frameworks, as well as on the necessary support services to effectively implement risk based food controls.

Export/import Procedures and Documentation

Stand-alone training and reference texts designed as practical guides with immediate applications.

NABHI's Exporters Manual and Documentation

This textbook, now in its Second Edition, continues to provide an easy and accessible introduction to the import-export and logistics management. With the globalization, international trade procedures and documentation have undergone remarkable changes over the last decade or so. This process of change got accelerated after the enactment of the Foreign Exchange Management Act, 1999. This, coupled with the thrust given to the liberalization process by the Government, has brought to fore the importance of export procedures and documentation and international logistics management. This comprehensive and revised book includes a new chapter on Foreign Exchange Risk Management and elaborates the procedures for availing different export incentives. Divided into eight parts, the text discusses the export-import environment, the procedures for obtaining finance by the exporter, convertibility of rupee, liberalization and its impact, the foreign exchange market, export-import procedures and documentation. Finally, the book also dwells upon the essentials of imports and logistics management including distribution channels and international marketing. This book, dealing with the principles and practice of the management of exports, imports and logistics, should be of a great benefit to the postgraduate students of business management (MBA), and international business management (MIB). Besides, the book would prove to be useful as a handy reference for exporters, importers, managers and entrepreneurs.

Export and Import Documentation and Procedures
