E22 - CMU MS in Computational Finance (MSCF) with Naitik | Financial Engineering | 30L+ Scholarship - E22 - CMU MS in Computational Finance (MSCF) with Naitik | Financial Engineering | 30L+ Scholarship 1 hour, 1 minute - If you're looking to be a Wall Street bro, this one's for you. Welcome to the 22nd episode of the Masters **with**, Harshith Podcast.

Introduction

Naitik's background

What are quant and computational finance?

How to break into quant roles

Programming knowledge for quant roles

Computational Finance vs Financial Engineering

Opportunities on Wall Street (and Naitik's WSB and Patagonia aspiration)

When Naitik decided he wanted to move into the quant space

Why Naitik decided to do his MS and what his considerations while shortlisting universities were

How intense an MS program really is

Unis Naitik applied to and what specific universities look for (check out the rankings at and how to understand programs

Why CMU?

CMU MSCF Course Structure

Class Profile at the MSCF program

Possible career opportunities post a Computational Finance/Financial Engineering degree
