### **My Little Golden Book About Bugs**

A groundbreaking collection of first-person writing on the joys and challenges of the modern disability experience: Disability Visibility brings together the voices of activists, authors, lawyers, politicians, artists, and everyday people whose daily lives are, in the words of playwright Neil Marcus, "an art . . . an ingenious way to live." • Edited by MacArthur "Genius Grant" Fellow Alice Wong "Shares perspectives that are too often missing from such decision-making about accessibility." —The Washington Post According to the last census, one in five people in the United States lives with a disability. Some are visible, some are hidden--but all are underrepresented in media and popular culture. Now, just in time for the thirtieth anniversary of the Americans with Disabilities Act, activist Alice Wong brings together an urgent, galvanizing collection of personal essays by contemporary disabled writers. There is Harriet McBryde Johnson's "Unspeakable Conversations," which describes her famous debate with Princeton philosopher Peter Singer over her own personhood. There is columnist s. e. smith's celebratory review of a work of theater by disabled performers. There are original pieces by up-and-coming authors like Keah Brown and Haben Girma. There are blog posts, manifestos, eulogies, and testimonies to Congress. Taken together, this anthology gives a glimpse of the vast richness and complexity of the disabled experience, highlighting the passions, talents, and everyday lives of this community. It invites readers to question their own assumptions and understandings. It celebrates and documents disability culture in the now. It looks to the future and past with hope and love.

### **Disability Visibility**

Disney/Pixar's Finding Dory (film release date: 17/6/16) reunites everyone's favorite forgetful blue tang, Dory, with her friends Nemo and Marlin on a search for answers about her past. What can she remember? Who are her parents? And where did she learn to speak Whale? Module plays 7 sounds based on the movie, and includes Dory voice (by Ellen DeGeneres).

### **Finding Dory Little Sound Book - O/P**

The highly anticipated sequel to Disney/Pixar Finding Nemo, Disney/Pixar Finding Dory reunites the friendly-but-forgetful blue tang fish with her loved ones, and everyone learns a few things about the true

meaning of family along the way. Children ages 3 to 7 will love this beautifully illustrated hardcover Big Golden Book that's based on the film.

## **Can You Find Dory? (Disney/Pixar Finding Dory).**

Dory, a highly imaginative youngest child, makes a new friend at school but her brother and sister are sure Rosabelle is imaginary, just like all of Dory's other friends.

## **Finding Dory Big Golden Book (Disney/Pixar Finding Dory)**

Meet Dory and her friends from Disney/Pixar Finding Dory in this board book with seven sturdy tabs and glitter on the cover! Disney/Pixar Finding Dory reunites the friendly-but-forgetful blue tang fish with her loved ones, and everyone learns a few things about the true meaning of family along the way. Children ages 0 to 3 will love this sturdy board book featuring seven colorful tabs.

## **Dory Fantasmagory: The Real True Friend**

Disney/Pixar Finding Dory reunites the friendly-but-forgetful blue tang fish with her loved ones, and everyone learns a few things about the true meaning of family along the way. Step 2 Readers use basic vocabulary and short sentences to tell simple

## **Hello, Dory! (Disney/Pixar Finding Dory)**

My name is Dory, but everyone calls me Rascal. This is my family. And I'm the littlest. Meet Dory - an irresistible scamp with a huge imagination. Dory's the youngest in her family, which STINKS because it means everyone's always too busy to play with her. Or worse! They call her too little to join in. Luckily Dory has plenty of friends to keep her company - even if everyone else says they're just imaginary. And Dory has a lot to do: outsmarting the monsters that live in her house, escaping from prison (aka time-out) and exacting revenge on her sister's favourite doll... Fully illustrated throughout, and with perfect-for-bedtime length chapters, this adorable little mischief-maker is sure to capture your heart.

## **Dory's Story**

Dory loves to play hide-and-seek—when she remembers that she's playing! Help the forgetful fish from Disney/Pixar Finding Dory find her friends in this storybook featuring over 30 stickers. It's perfect for boys and girls ages 3 to 7.

## **Dory Fantasmagory**

Color and sticker with this Disney Pixar Finding Dory There's Always A Way activity book. With over 1000 stickers, there's so much to do and discover inside.

## **Let's Play, Dory! (Disney/Pixar Finding Dory)**

A Step 1 Step into Reading leveled reader based on Disney and Pixar Finding Dory! Dory sees lots of colors in the ocean—from an orange fish to a white whale to a brown otter to a purple sea urchin! Based on Disney and Pixar Finding Dory, this Step 1 Step into Reading leveled reader introduces young readers to colors as they meet all of Dory's friends. It is perfect for kids ages 4 to 6. Step 1 readers feature big type and easy words. Rhymes and rhythmic text paired with picture clues help children decode the story. For children who know the alphabet and are eager to begin reading.

## **Disney Pixar Finding Dory There's Always a Way**

An illustrated guide to the characters in the animated film Finding Nemo.

## **Ocean of Color (Disney/Pixar Finding Dory)**

Young readers watch how Marlin, father of Nemo, gains courage as he searches the ocean for his son--and they see how Nemo learns that he's capable of great things, just like his dad.

## **Finding Nemo**

## **Best Dad in the Sea**

In a city of anthropomorphic animals, a fugitive fox con artist and a rookie rabbit cop must work together to uncover a conspiracy.

## **Draw with Rob at Christmas**

Nemo the clownfish is worried that he's not a strong enough swimmer to compete on his school's swim team. But when his friend Dory encourages him to just keep swimming, Nemo realizes that he can do anything he puts his mind to. Based on Disney/Pixar Finding Nemo, this Step 1 Step into Reading leveled reader is perfect for children ages 4 to 6 who are just learning to read on their own.

## **Zootopia**

Reproduction of the original: Ready About by Oliver Optic

## **Just Keep Swimming (Disney/Pixar Finding Nemo)**

Meeting Gabriel Hunter-Law turned Emily Black's quiet life into a rollercoaster. Living a fairy-tale with the

man she loves was perfect. Is perfect too good to be true? Enemies they'd made begin to circle, looking for revenge. Circumstances cruelly forced them apart, leaving Emily to doubt if she really knows Gabriel at all. Will the demons in Gabriel's head win? Can either Emily or Gabriel dream of a happy ending?

## **Ready About**

History has been taught through illusions in order to divide and establish power. These constant illusions force the Psychopathic Genius to develop a stream of consciousness that evokes a maladaptive schizophrenic disposition. In this schizophrenic state, the Psychopathic Genius manifests recurring illusions that were once used to control as a means of controlling. As the story progresses, these illusions become so cliché that it forces the Psychopathic Genius to rebuke societal doctrine. This epic doesn't evolve, instead, it shows the continual war that we all fight: Protagonist vs. Antagonist, God vs. Satan, Adam vs. Eve, Rich vs. Poor, Old vs. New, Parent vs. Child, Black vs. White, Right vs. Wrong, Morality vs. Judgment, Society vs. Individual, Master vs. Slave and most pertinent to the Psychopathic Genius: Nigger vs. Racist. Step inside the lost paradise of a Brave New World. This book is rated PG: Psychopathic Genius... Vanity is the only sanity.

## **Six Months**

Fourth wave feminism has entered the national conversation and established a highly visible presence in popular media, especially in cutting-edge science fiction and fantasy films and television series. Wonder Woman, the Wasp, and Captain Marvel headline superhero films while Black Panther celebrates nonwestern power. Disney princesses value sisterhood over conventional marriage. This first of two companion volumes addresses cinema, exploring how, since 2012, such films as the Hunger Games trilogy, Mad Max: Fury Road, and recent Star Wars installments have showcased women of action. The true innovation is a product of the Internet age. Though the web has accelerated fan engagement to the point that progressivism and backlash happen simultaneously, new films increasingly emphasize diversity over toxic masculinity. They defy net trolls to provide stunning role models for viewers across the spectrum of age, gender, and nationality.

## **Show Me a Nigger and I'll Show You a Racist**

For the adoptive family that loves to watch movies, this is the ultimate collection exploring adoption. Perfect if your family struggles to talk about the difficult issues surrounding adoption, recommendations are accompanied by a discussion of the key themes. Adoption at the Movies will be a lifeline even for those who didn't know they needed one.

## **Fourth Wave Feminism in Science Fiction and Fantasy**

"This book brings together the best of Visible Learning and the teaching of mathematics. The chapters on learning intentions, success criteria, misconceptions, formative evaluation, and knowing thy impact are stunning. Rich in exemplars, grounded in research about practice, and with the right balance about the surface and deep learning in math, it's a great go-to book for all who teach mathematics." —John Hattie, Laureate Professor, Deputy Dean of MGSE, Director of the Melbourne Education Research Institute, Melbourne Graduate School of Education Your blueprint to planning K-2 math lessons for maximum impact and understanding Not sure of tomorrow morning's lesson plan? Or maybe you feel it isn't tailored enough for your students' needs. What do you do? For that and more, help is here. The Mathematics Lesson-Planning Handbook, Grades K-2: Your Blueprint for Building Cohesive Lessons guides teachers step-by-step through the decision-making process of planning K-2 math lessons that are purposeful, rigorous, and coherent. Instructional experts Beth McCord Kobett, Ruth Harbin Miles, and Lois A. Williams streamline and deepen the lesson-planning process showing teachers how to access students' complex needs, clarify learning intentions, and select tasks that will best lead to student understanding of mathematical concepts and skills. Along the way, teachers create an individualized blueprint for planning K-2 math lessons for maximum student learning. The lesson-planning process guides teachers to: Identify the mathematical

content, language, and social learning intentions for a lesson or unit, and connect goals to success criteria Determine the purpose of a math lesson you're planning by distinguishing between conceptual understanding, procedural fluency, and transfer Select worthwhile tasks and materials that make the best use of representations, manipulatives, and other instructional tools and resources Choose the format of your lesson using reasoning and number routines, games, whole-class discussion, and pairs, or small-group work Anticipate student misconceptions and evaluate understanding using a variety of formative assessment techniques Decide how you'll launch your lesson, facilitate questioning, encourage productive struggle, and close your lesson Included is a lesson-planning template and examples from kindergarten, first-, and second-grade classrooms. Chapter by chapter, the decision-making strategies empower teachers to plan math lessons strategically, to teach with intention and confidence, and to build an exceptional foundation in math for all students.

## **Adoption at the Movies**

This volume examines the shift toward positive and more accurate portrayals of mental illness in entertainment media, asking where these succeed and considering where more needs to be done. With studies that identify and analyze the characters, viewpoints, and experiences of mental illness across film and television, it considers the messages conveyed about mental illness and reflects on how the different texts reflect, reinforce, or challenge sociocultural notions regarding mental illness. Presenting chapters that explore a range of texts from film and television, covering a variety of mental health conditions, including autism, post-traumatic stress disorder (PTSD), depression, and more, this book will appeal to scholars of sociology, cultural and media studies, and mental health.

## **The Mathematics Lesson-Planning Handbook, Grades K-2**

Animation has been a staple of the filmmaking process since the early days of cinema. Animated shorts had been produced for decades, but not until 1937 did a major studio venture into animated features when Walt Disney produced *Snow White and the Seven Dwarfs*. Of the hundreds of animated feature films made since, many have proven their importance over the years while also entertaining generations of audiences. There are also many recent animated movies that promise to become classics in the field. In *100 Greatest American British Animated Films*, Thomas S. Hischak looks at the most innovative, influential, and entertaining features that have been produced since the late 1930s—from traditional hand-drawn works and stop-motion films to computer-generated wonders. These movies have been selected not simply because of their popularity or critical acceptance but for their importance. Entries in this volume contain plot information production historycritical reactioncommentary on the film's cinematic qualitya discussion of the film's influence voice castsproduction creditsongssequels, spin-offs, Broadway versions, and television adaptationsawards and nominations Each movie is also discussed in the context of its original release as well as the ways in which the film has lived on in the years since. Familiar favorites and lesser-known gems are included, making the book a fascinating journey for both the avid animation fan and the everyday moviegoer. With a sweeping look at more than eight decades of movies, *100 Greatest American and British Animated Films* highlights some of the most treasured features of all time.
