

What Was The March On Washington

I Have a Dream

Introducing the Martin Luther King Jr Library With a New Foreword by Amanda Gorman A beautiful collectible edition of Dr. Martin Luther King Jr's legendary speech at the March on Washington, laid out to follow the cadence of his oration--part of Dr. King's archives published exclusively by HarperCollins. On August 28, 1963, Dr. Martin Luther King Jr. stood before thousands of Americans who had gathered at the Lincoln Memorial in Washington, D.C. in the name of civil rights. Including the immortal words, "I have a dream," Dr. King's keynote speech would energize a movement and change the course of history. With references to the Gettysburg Address, the Emancipation Proclamation, the Declaration of Independence, the U.S. Constitution, Shakespeare, and the Bible, Dr. King's March on Washington address has long been hailed as one of the greatest pieces of writing and oration in history. Profound and deeply moving, it is as relevant today as it was nearly sixty years earlier. This beautifully designed hardcover edition presents Dr. King's speech in its entirety, paying tribute to this extraordinary leader and his immeasurable contribution, and inspiring a new generation of activists dedicated to carrying on the fight for justice and equality.

This is the Day

Offers a collection of emotionally charged photographs that document a poignant day in American history. This title offers a photo-essay documenting the March on Washington for Jobs and Freedom of August 28, 1963, the historic day on which Dr Martin Luther King Jr delivered his I Have a Dream speech at the base of the Lincoln Memorial.

Martin Luther King, Jr. and the March on Washington

Captures the spirit of a landmark day in American history: August 28, 1963, the day Martin Luther King, Jr., made his "I Have a Dream" speech in Washington, D.C.

The March on Washington: Jobs, Freedom, and the Forgotten History of Civil Rights

A history professor describes the impact and history of the opening speech made during the March on Washington by the trade unionist Philip Randolph, whose vision and fight for equal economic and social citizenship began in 1941.

Marching on Washington

When Jacob Coxey's army marched into Washington, D.C., in 1894, observers didn't know what to make of this concerted effort by citizens to use the capital for national public protest. By 1971, however, when thousands marched to protest the war in Vietnam, what had once been outside the political order had become an American political norm. Lucy G. Barber's lively, erudite history explains just how this tactic achieved its transformation from unacceptable to legitimate. Barber shows how such highly visible events contributed to the development of a broader and more inclusive view of citizenship and transformed the capital from the exclusive domain of politicians and officials into a national stage for Americans to participate directly in national politics. When Jacob Coxey's army marched into Washington, D.C., in 1894, observers didn't know what to make of this concerted effort by citizens to use the capital for national public protest. By 1971, however, when thousands marched to protest the war in Vietnam,

Nobody Turn Me Around

On August 28, 1963, over a quarter-million people—about two-thirds black and one-third white—held the greatest civil rights demonstration ever. Martin Luther King, Jr. delivered his iconic “I Have a Dream” oration. And just blocks away, President Kennedy and Congress skirmished over landmark civil rights legislation. As Charles Euchner reveals, the importance of the march is more profound and complex than standard treatments of the 1963 March on Washington allow. In this major reinterpretation of the Great Day—the peak of the movement—Euchner brings back the tension and promise of that day. Building on countless interviews, archives, FBI files, and private recordings, Euchner shows freedom fighters as complex, often conflicted, characters. He explores the lives of Philip Randolph and Bayard Rustin, the march organizers who worked tirelessly to make mass demonstrations and nonviolence the cornerstone of the movement. He also reveals the many behind-the-scenes battles—the effort to get women speakers onto the platform, John Lewis’s damning speech about the federal government, Malcolm X’s biting criticisms and secret vows to help the movement, and the devastating undercurrents involving political powerhouses Kennedy and FBI director J. Edgar Hoover. For the first time, Euchner tells the story behind King’s “Dream” images. Euchner’s hour-by-hour account offers intimate glimpses of the masses on the National Mall—ordinary people who bore the scars of physical violence and jailings for fighting for basic civil rights. The event took on the call-and-response drama of a Southern church service, as King, Lewis, Mahalia Jackson, Roy Wilkins, and others challenged the throng to destroy Jim Crow once and for all. *Nobody Turn Me Around* will challenge your understanding of the March on Washington, both in terms of what happened but also regarding what it ultimately set in motion. The result was a day that remains the apex of the civil rights movement—and the beginning of its decline.

We March

On August 28, 1963, a remarkable event took place--more than 250,000 people gathered in our nation's capital to participate in the March on Washington for Jobs and Freedom. The march began at the Washington Monument and ended with a rally at the Lincoln Memorial, where Martin Luther King Jr. delivered his historic “I Have a Dream” speech, advocating racial harmony. Many words have been written about that day, but few so delicate and powerful as those presented here by award-winning author and illustrator Shane W. Evans. When combined with his simple yet compelling illustrations, the thrill of the day is brought to life for even the youngest reader to experience. *We March* is one of Kirkus Reviews' Best Children's Books of 2012

Voices from the March on Washington

The powerful poems in this poignant collection weave together multiple voices to tell the story of the March on Washington, DC, in 1963. From the woman singing through a terrifying bus ride to DC, to the teenager who came partly because his father told him, “Don't you dare go to that march,” to the young child riding above the crowd on her father's shoulders, each voice brings a unique perspective to this tale. As the characters tell their personal stories of this historic day, their chorus plunges readers into the experience of being at the march—walking shoulder-to-shoulder with strangers, hearing Martin Luther King Jr.'s famous speech, heading home inspired.

Troublemaker for Justice

Chosen a Best Children's Book of the Year by the Bank Street Center! Voted a Best Book of the Year by School Library Journal and Kirkus Reviews! A biography for younger readers about one of the most influential activists of our time, who was an early advocate for African Americans and for gay rights. “Bayard had an unshakable optimism, nerves of steel, and, most importantly, a faith that if the cause is just and people are organized, nothing can stand in our way.”—President Barack Obama “Bayard Rustin was one of the great organizers and activists of the Civil Rights Movement. Without his skill and vision, the

historic impact of the March on Washington might not have been possible. I am glad this biography will make young people aware of his life and his incredible contribution to American history.—Congressman John Lewis \'"We need, in every community, a group of angelic troublemakers,' declared Bayard Rustin in the late 1940s. A proponent of nonviolent resistance and a stalwart figure in the civil rights movement, Rustin organized a profound and peaceful milestone in American history—the 1963 March on Washington. . . . Troublemaker for Justice describes not only how Rustin orchestrated the March on Washington in two months but also how he stood up for his Quaker principles throughout his life. The three authors, Jacqueline Houtman, Walter Naegle and Michael G. Long, show the difficulties Rustin faced as a gay black man in 20th-century America, and that he shouldered them with strength, intelligence, and a quest for peace and justice.\'"—Abby Nolan, *The Washington Post* \'"An excellent biography that belongs in every young adult library. Readers will find Rustin's story captivating; his story could encourage young people to fight for change.\'"—Michelle Kornberger, *Library Journal*, *Starred Review \'"In today's political landscape, this volume is a lesson in the courage to live according to one's truth and the dedication it takes to create a better world.\'"—Kirkus Reviews, *Starred Review \'"A long-overdue introduction to a fascinating, influential change maker.\'"—Publishers Weekly, *Starred Review \'"This biography is an indispensable addition to the literature of both civil and gay rights.\'"—Michael Cart, *Booklist*, *Starred review Bayard Rustin was a major figure in the Civil Rights movement. He was arrested on a bus 13 years before Rosa Parks and he participated in integrated bus rides throughout the South 14 years before the Freedom Riders. He was a mentor to Dr. Martin Luther King, Jr., teaching him the techniques and philosophy of Gandhian nonviolent direct action. He organized the March on Washington in 1963, one of the most impactful mobilizations in American history. Despite these contributions, few Americans recognize his name, and he is absent from most history books, in large part because he was gay. This biography traces Rustin's life, from his childhood and his first arrest in high school for sitting in the "whites only" section of a theater, through a lifetime of nonviolent activism. \'"Authors Jacqueline Houtman, Walter Naegle, and Michael G. Long provide middle and high school students with a biography of Rustin that illustrates how the personal is political. Young readers will take away valuable lessons about identity, civics, and 20th-century history.\'"—*Rethinking Schools Teachers: Discussion Guide Available! Explanation of Common Core Instructional Standards Available!* Reach out to the publisher at Stacey [a] citylights.com

The Speech

In this "slim but powerful book," the award-winning journalist shares the dramatic story surrounding MLK's most famous speech and its importance today (*Boston Globe*). On August 28, 1963, Dr. Martin Luther King Jr. led the historic March on Washington for Jobs and Freedom, where he delivered the most iconic speech of the civil rights movement. In *The Speech*, Gary Younge explains why King's "I Have a Dream" speech maintains its powerful social relevance by sharing the dramatic story surrounding it. Today, that speech endures as a guiding light in the ongoing struggle for racial equality. Younge roots his work in personal interviews with Clarence Jones, a close friend of Martin Luther King Jr. and his draft speechwriter; with Joan Baez, a singer at the march; and with Angela Davis and other leading civil rights leaders. Younge skillfully captures the spirit of that historic day in Washington and offers a new generation of readers a critical modern analysis of why "I Have a Dream" remains America's favorite speech. "Younge's meditative retrospection on [the speech's] significance reminds us of all the micro-moments of transformation behind the scenes—the thought and preparation, vision and revision—whose currency fed that magnificent lightning bolt in history." —Patricia J. Williams, legal scholar and theorist

March on Washington, August 28, 1963

This book emphasizes blacks' agency and achievements in the nineteenth and twentieth centuries, notably outcomes of the Civil Rights Movement. To consider the means or strategies that African Americans utilized in pursuing their aspirations and struggles for freedom and equality, readers can consult subjects delineating ideological, institutional, and organizational aspects of black priorities, with tactics of resistance or dissent, over time and place. The entries include but are not limited to Afro-American Culture; Anti-Apartheid

Movement; Anti-lynching Campaign; Antislavery Movement; Black Power Movement; Constitution, US (1789); Conventions, National Negro; Desegregation; Durham Manifesto (1942); Feminism; Four Freedoms; Haitian Revolution; Jobs Campaigns; the March on Washington (1963); March on Washington Movement (MOWM); New Negro Movement; Niagara Movement; Pan-African Movement; Religion; Slavery; Violence, Racial; and the Voter Education Project. While providing an important reference and learning tool, this volume offers a critical perspective on the actions and legacies of ordinary and elite blacks and their non-black allies.

The Cambridge Guide to African American History

Scholars regard the March on Washington Movement (MOWM) as a forerunner of the postwar Civil Rights movement. Led by the charismatic A. Philip Randolph, MOWM scored an early victory when it forced the Roosevelt administration to issue a landmark executive order that prohibited defense contractors from practicing racial discrimination. *Winning the War for Democracy: The March on Washington Movement, 1941-1946* recalls that triumph, but also looks beyond Randolph and the MOWM's national leadership to focus on the organization's evolution and actions at the local level. Using the personal papers of previously unheralded MOWM members such as T.D. McNeal, internal government documents from the Roosevelt administration, and other primary sources, David Lucander highlights how local affiliates fighting for a double victory against fascism and racism helped the national MOWM accrue the political capital it needed to effect change. Lucander details the efforts of grassroots organizers to implement MOWM's program of empowering African Americans via meetings and marches at defense plants and government buildings and, in particular, focuses on the contributions of women activists like Layle Lane, E. Pauline Myers, and Anna Arnold Hedgeman. Throughout he shows how local activities often diverged from policies laid out at MOWM's national office, and how grassroots participants on both sides ignored the rivalry between Randolph and the leadership of the NAACP to align with one another on the ground.

Winning the War for Democracy

Praised by *The New York Times*; *O, The Oprah Magazine*; *Bitch Magazine*; *Slate*; *Publishers Weekly*; and more, this is “a bracing corrective to a national mythology” (*New York Times*) around the civil rights movement. The civil rights movement has become national legend, lauded by presidents from Reagan to Obama to Trump, as proof of the power of American democracy. This fable, featuring dreamy heroes and accidental heroines, has shuttered the movement firmly in the past, whitewashed the forces that stood in its way, and diminished its scope. And it is used perniciously in our own times to chastise present-day movements and obscure contemporary injustice. In *A More Beautiful and Terrible History* award-winning historian Jeanne Theoharis dissects this national myth-making, teasing apart the accepted stories to show them in a strikingly different light. We see Rosa Parks not simply as a bus lady but a lifelong criminal justice activist and radical; Martin Luther King, Jr. as not only challenging Southern sheriffs but Northern liberals, too; and Coretta Scott King not only as a “helpmate” but a lifelong economic justice and peace activist who pushed her husband’s activism in these directions. Moving from “the histories we get” to “the histories we need,” Theoharis challenges nine key aspects of the fable to reveal the diversity of people, especially women and young people, who led the movement; the work and disruption it took; the role of the media and “polite racism” in maintaining injustice; and the immense barriers and repression activists faced. Theoharis makes us reckon with the fact that far from being acceptable, passive or unified, the civil rights movement was unpopular, disruptive, and courageously persevering. Activists embraced an expansive vision of justice—which a majority of Americans opposed and which the federal government feared. By showing us the complex reality of the movement, the power of its organizing, and the beauty and scope of the vision, Theoharis proves that there was nothing natural or inevitable about the progress that occurred. *A More Beautiful and Terrible History* will change our historical frame, revealing the richness of our civil rights legacy, the uncomfortable mirror it holds to the nation, and the crucial work that remains to be done. Winner of the 2018 Brooklyn Public Library Literary Prize in Nonfiction

A More Beautiful and Terrible History

What happened to the American left after the Sixties? This engrossing account traces the evolution of disruptive protest over the last forty years to tell a larger story about the reshaping of American radicalism, showing how the direct-action blockades, occupations, and campaigns of recent activist movements have functioned as laboratories for political experimentation and renewal. Propelled by more than a hundred candid interviews conducted over a span of decades, this elegant and lively history showcases the voices of key players in an array of movements—environmentalist, anti-nuclear, anti-apartheid, feminist, LGBTQ, anti-globalization, racial-justice, anti-war, and more—across an era when American politics shifted to the right, and issue- and identity-based organizing eclipsed the traditional ideologies of the left. As Kauffman, a longtime movement insider, examines how groups from ACT UP to Occupy Wall Street to Black Lives Matter have used direct action to catalyze change against long odds, she details the profound influence of feminism and queerness on radical political practice and how enduring divisions of race have shaped the landscape of activism. Written with nuance and humor, and revealing deep connections between movements usually viewed in isolation, *Direct Action* is essential reading for anyone interested in understanding how protest movements erupt—and how they can succeed.

Direct Action

As the head of the Brotherhood of Sleeping Car Porters and a tireless advocate for civil rights, A. Philip Randolph (1889--1979) served as a bridge between African Americans and the labor movement. During a public career that spanned more than five decades, he was a leading voice in the struggle for black freedom and social justice, and his powerful words inspired others to join him. This volume documents Randolph's life and work through his own writings. The editors have combed through the files of libraries, manuscript collections, and newspapers, selecting more than seventy published and unpublished pieces that shed light on Randolph's most significant activities. The book is organized thematically around his major interests -- dismantling workplace inequality, expanding civil rights, confronting racial segregation, and building international coalitions. The editors provide a detailed biographical essay that helps to situate the speeches and writings collected in the book. In the absence of an autobiography, this volume offers the best available presentation of Randolph's ideas and arguments in his own words.

For Jobs and Freedom

On August 28, 1963, more than 200,000 people gathered in Washington, DC, to demand equal rights for all races. It was there that Martin Luther King Jr. delivered his "I Have a Dream" speech, and it was this peaceful protest that spurred the momentous civil rights laws of the mid-1960s. With black-and-white artwork throughout and sixteen pages of photographs, the March is brought to life!

What Was the March on Washington?

The *Black History of the White House* presents the untold history, racial politics, and shifting significance of the White House as experienced by African Americans, from the generations of enslaved people who helped to build it or were forced to work there to its first black First Family, the Obamas. Clarence Lusane juxtaposes significant events in White House history with the ongoing struggle for democratic, civil, and human rights by black Americans and demonstrates that only during crises have presidents used their authority to advance racial justice. He describes how in 1901 the building was officially named the "White House" amidst a furious backlash against President Roosevelt for inviting Booker T. Washington to dinner, and how that same year that saw the consolidation of white power with the departure of the last black Congressman elected after the Civil War. Lusane explores how, from its construction in 1792 to its becoming the home of the first black president, the White House has been a prism through which to view the progress and struggles of black Americans seeking full citizenship and justice. "Clarence Lusane is one of America's most thoughtful and critical thinkers on issues of race, class and power."—Manning Marable

"Barack Obama may be the first black president in the White House, but he's far from the first black person to work in it. In this fascinating history of all the enslaved people, workers and entertainers who spent time in the president's official residence over the years, Clarence Lusane restores the White House to its true colors."—Barbara Ehrenreich

"Reading *The Black History of the White House* shows us how much we DON'T know about our history, politics, and culture. In a very accessible and polished style, Clarence Lusane takes us inside the key national events of the American past and present. He reveals new dimensions of the black presence in the US from revolutionary days to the Obama campaign. Yes, 'black hands built the White House'—enslaved black hands—but they also built this country's economy, political system, and culture, in ways Lusane shows us in great detail. A particularly important feature of this book is its personal storytelling: we see black political history through the experiences and insights of little-known participants in great American events. The detailed lives of Washington's slaves seeking freedom, or the complexities of Duke Ellington's relationships with the Truman and Eisenhower White House, show us American racism, and also black America's fierce hunger for freedom, in brand new and very exciting ways. This book would be a great addition to many courses in history, sociology, or ethnic studies courses. Highly recommended!"—Howard Winant

"The White House was built with slave labor and at least six US presidents owned slaves during their time in office. With these facts, Clarence Lusane, a political science professor at American University, opens *The Black History of the White House* (City Lights), a fascinating story of race relations that plays out both on the domestic front and the international stage. As Lusane writes, 'The Lincoln White House resolved the issue of slavery, but not that of racism.' Along with the political calculations surrounding who gets invited to the White House are matters of musical tastes and opinionated first ladies, ingredients that make for good storytelling."—Boston Globe Dr. Clarence Lusane has published in *The Washington Post*, *The Miami Herald*, *The Baltimore Sun*, *Oakland Tribune*, *Black Scholar*, and *Race and Class*. He often appears on PBS, BET, C-SPAN, and other national media.

The Black History of the White House

In this monumental volume, Henry Hampton and Steve Fayer draw upon nearly one thousand interviews with civil rights activists, politicians, reporters, Justice Department officials, and hundreds of ordinary people who took part in the struggle, weaving a fascinating narrative of the civil rights movement told by the people who lived it.

Voices Of Freedom

During the summer of 1963 civil rights movements were taking place all over the South. In northeastern North Carolina the struggle for freedom focused on the small town of Williamston, where a legacy of voting rights advocacy and a history of violence caught the attention of Martin Luther King, Jr., and his Southern Christian Leadership Conference (SCLC). The Massachusetts chapter of the SCLC sent fifteen white ministers to Williamston in November in an attempt to increase media coverage. Just as the movement was gaining traction, John F. Kennedy was assassinated and the nation lost interest in Williamston. So far the Williamston Freedom Movement has remained little known, though its impact was significant locally. This book details the events and those who participated, and includes 19 interviews with members of both the black and white community. By studying local movements, historians can better understand how ordinary people contributed to the Civil Rights Movement.

The Williamston Freedom Movement

A strikingly photographed exploration of the largest gathering of African American men in U.S. history—the Million Man March—and their journey to Washington, D.C. to renew their faith and commitment. It was a day for men to join hands and pray for peace and self-responsibility; a day for Black men to sing, to rejoice, to celebrate each other. It was a day for Black men to cry, to share their universal suffering, to strengthen their spirits, atone, and pledge to rebuild their communities. . . . This book, with more than one hundred powerful images, chronicles an event that will be etched in the hearts of Black Americans everywhere. It is

not intended to document every movement, every speaker, celebrity, or poet. Rather, it is meant to offer a remembrance of one of the most pivotal and poignant moments in American history. It is a commemorative account of Black men who answered a call for self-examination and to reaffirm their values of family, faith, and community. Think of it as a snapshot of, perhaps, the most inspiring, spiritually uplifting, and socially profound moment of our time. Cherish and reflect on this chronicle, which records the natural alliance and self-liberation of more than one million men. Share in the celebration of a vast grassroots movement, and help preserve the spirit of the Million Man March.

Million Man March

At Canaan's Edge: America in the King Years, 1965-68 is the final volume in Taylor Branch's magnificent history of America in the years of the Civil Rights Movement and Vietnam War, recognized universally as the definitive account and ultimate recognition of Martin Luther King's heroic place in the nation's history. The final volume of Taylor Branch's monumental, much honored, and definitive history of the Civil Rights Movement (America in the King Years), At Canaan's Edge covers the final years of King's struggle to hold his non-violent movement together in the face of factionalism within the Movement, hostility and harassment of the Johnson Administration, the country torn apart by Vietnam, and his own attempt (and failure) to take the Freedom Movement north. At Canaan's Edge traces a seminal era in our defining national story, freedom. The narrative resumes in Selma, crucible of the voting rights struggle for black people across the South. The time is early 1965, when the modern Civil Rights Movement enters its second decade since the Supreme Court's Brown decision declared segregation by race a violation of the Constitution. From Selma, King's non-violent Movement is under threat from competing forces inside and outside. Branch chronicles the dramatic voting rights drives in Mississippi and Alabama, Meredith's murder, the challenge to King from the Johnson Administration and the FBI and other enemies. When King tries to bring his Movement north (to Chicago), he falters. Finally we reach Memphis, the garbage strike, King's assassination. Branch's magnificent trilogy makes clear why the Civil Rights Movement, and indeed King's leadership, are among the nation's enduring achievements.

Report of the Freedmen's Hospital to the Secretary of the Interior

Recounts life in early colonial America leading up to the famous tea tax protest that pushed the colonies and the British closer to war, using the stories of Felicity Merriman and how she became caught in between the two sides of the American Revolution.

At Canaan's Edge

\Published simultaneously in Canada by Thomas Allen & Son, Limited\"--Title page verso.

The Boston Tea Party

Report on the role of USA in shaping the Helsinki international agreement on peace and security in Europe, human rights, international cooperation in economic and humanitarian affairs, scientific cooperation, cultural relations, etc. - Comments on implementation and legislation in the USA.

Why We March

A beautiful commemorative edition of Dr. Martin Luther King's essay \"Letter from Birmingham Jail,\" part of Dr. King's archives published exclusively by HarperCollins. With an afterword by Reginald Dwayne Betts On April 16, 1963, Dr. Martin Luther King Jr., responded to an open letter written and published by eight white clergymen admonishing the civil rights demonstrations happening in Birmingham, Alabama. Dr. King drafted his seminal response on scraps of paper smuggled into jail. King criticizes his detractors for caring

more about order than justice, defends nonviolent protests, and argues for the moral responsibility to obey just laws while disobeying unjust ones. \"Letter from Birmingham Jail\" proclaims a message - confronting any injustice is an acceptable and righteous reason for civil disobedience. This beautifully designed edition presents Dr. King's speech in its entirety, paying tribute to this extraordinary leader and his immeasurable contribution, and inspiring a new generation of activists dedicated to carrying on the fight for justice and equality.

Fulfilling Our Promises

\"The Rev. Martin Luther King, Jr.'s dream of a Poor Peoples Campaign in Washington was still in the planning stages when he was assassinated on April 4, 1968. King had envisioned a mass rally of economically disadvantaged people which would shut down Washington, DC until legislators promised solutions to poverty and unemployment. He had all the poor in mind, not just black folks. He also spoke out about against the war in Vietnam. In May, the March on Washington began. I knew I had to shoot it. I had to see what was happening, to record it and be part of it....Of course, it was old stuff from the start. Another nonviolent demonstration. Another March on Washington. Another army camping, calling on a deaf government. Even poverty is ancient history...We built Resurrection City out of plywood shacks on the Washington Mall, between the Lincoln Memorial and the Washington Monument. Talk about poor. Some of those people raised their whole standard of living just by moving in. Food every day, electric lights, enough beds for everyone. This mudhole was a paradise...At 2:30 in the morning of the last day, the authorities gassed us in our beds.\" photographer's website viewed 9/23/2020

Letter from Birmingham Jail

BAYARD RUSTIN POSTHUMOUSLY AWARDED THE 2013 PRESIDENTIAL MEDAL OF FREEDOM
Bayard Rustin's life story told in his own words through his intimate correspondence, published on the centennial of his birth.

Old News: Resurrection City

Chronicles the August 1963 March on Washington to demand equal rights for African-Americans.

I Must Resist

In May of 1967, Martin Luther King, Jr. announced the Poor People's Campaign to demanded economic and human rights for poor Americans of diverse backgrounds. The Campaign was organized by King and the Southern Christian Leadership Conference, and carried out under the leadership of Ralph Abernathy in the wake of Dr. King's assassination. After presenting an organized set of demands to Congress and executive agencies, participants set up a 3,000-person protest camp called Resurrection City on the Washington Mall, where they stayed for six weeks in the spring of 1968. Published in 1970, Old News: Resurrection City was photographer Jill Freedman's first book. The book documents the encampment in all its complexity Freedman lived in the encampment for its entire six weeks, photographing the residents, their daily lives, their protests, and their eventual eviction. The new 50th anniversary edition of the book, titled Resurrection City, 1968 will reprint most of the 185 pictures from the original publication, presenting them in a more vivid printing and design. Freedman's hard-hitting original text will be included as well. Two introductory essays will be included, by John Edwin Mason, historian of African history and the history of photography at the University of Virginia, and by Aaron Bryant, Curator of Photography, Visual Culture, and Contemporary Political History at the National Museum of African American History and Culture.

The March on Washington

Richard Scarry's classic Little Golden Book all about farm animals is now available as a board book! Oink! Cluck! Moo! It's suppertime on the farm and all the animals are hungry. But where is Farmer Jones? Featuring cows, horses, pigs, dogs, cats, and more, little farm fans will love exploring the sights and sounds of this classic. Finally available as a board book, and perfect for the youngest of hands, children will be eager to visit this farm again and again. LITTLE GOLDEN BOOKS have been loved by children for over 75 years. When they were first published in 1942, high-quality books for children hadn't been available at a price most people could afford. Little Golden Books changed that! Priced at just 25 cents and sold where people shopped every day, they caused an instant sensation and were soon purchased by the hundreds of thousands. Created by such talented writers as Margaret Wise Brown (author of Goodnight Moon) and Richard Scarry, Little Golden Books have helped millions of children develop a lifelong love of reading. Today, Little Golden Books features beloved classics such as The Poky Little Puppy and Scuffy the Tugboat, hot licenses, and new original stories - the classics of tomorrow, ready to be discovered between their sturdy cardboard covers and gold-foil spines.

Resurrection City, 1968

“Vivid and moving. . . . [Tells] a story all but lost in most civil rights histories.”—Bill Marvel, Dallas Morning News It was the final speech of a long day, August 28, 1963, when hundreds of thousands gathered on the Mall for the March on Washington for Jobs and Freedom. In a resounding cadence, Martin Luther King Jr. lifted the crowd when he told of his dream that all Americans would join together to realize the founding ideal of equality. The power of the speech created an enduring symbol of the march and the larger civil rights movement. King’s speech still inspires us fifty years later, but its very power has also narrowed our understanding of the march. In this insightful history, William P. Jones restores the march to its full significance. The opening speech of the day was delivered by the leader of the march, the great trade unionist A. Philip Randolph, who first called for a march on Washington in 1941 to press for equal opportunity in employment and the armed forces. To the crowd that stretched more than a mile before him, Randolph called for an end to segregation and a living wage for every American. Equal access to accommodations and services would mean little to people, white and black, who could not afford them. Randolph’s egalitarian vision of economic and social citizenship is the strong thread running through the full history of the March on Washington Movement. It was a movement of sustained grassroots organizing, linked locally to women’s groups, unions, and churches across the country. Jones’s fresh, compelling history delivers a new understanding of this emblematic event and the broader civil rights movement it propelled.

Richard Scarry's The Animals of Farmer Jones

Discusses the circumstances leading up to and surrounding the 1963 March on Washington.

The March on Washington: Jobs, Freedom, and the Forgotten History of Civil Rights

The Crisis, founded by W.E.B. Du Bois as the official publication of the NAACP, is a journal of civil rights, history, politics, and culture and seeks to educate and challenge its readers about issues that continue to plague African Americans and other communities of color. For nearly 100 years, The Crisis has been the magazine of opinion and thought leaders, decision makers, peacemakers and justice seekers. It has chronicled, informed, educated, entertained and, in many instances, set the economic, political and social agenda for our nation and its multi-ethnic citizens.

The 1963 Civil Rights March

The Crisis, founded by W.E.B. Du Bois as the official publication of the NAACP, is a journal of civil rights, history, politics, and culture and seeks to educate and challenge its readers about issues that continue to plague African Americans and other communities of color. For nearly 100 years, The Crisis has been the magazine of opinion and thought leaders, decision makers, peacemakers and justice seekers. It has

Library of Congress Subject Headings

Read the words they risked everything for! This landmark volume collects more than a hundred years of the most important public rhetoric on gay and lesbian subjects. In the days when homosexuality was mentioned only in whispers, a few brave souls stood up to speak for the rights of sexual minorities. In *Speaking for Our Lives: Historic Speeches and Rhetoric for Gay and Lesbian Rights (1892-2000)*, their stirring words have finally been gathered together, along with the political manifestoes, broadsheets, and performance pieces of the gay and lesbian liberation movement. *Speaking for Our Lives* comprises speeches and manifestoes prompted by events ranging from demonstrations to funerals. Scholars and researchers will appreciate the brief commentary introducing each piece, which discusses the author, the occasion, and the political and social contexts in which it first appeared. You'll find the words of a broad variety of individuals and groups, including: the Victorian humanist and crusader Robert Ingersoll key groups such as the Mattachine Society, Homosexual Law Reform Society, Gay Activists Alliance, and International Gay Association activists and educators Robin Morgan, Joseph Bean, and Dr. Franklin Kameny, artists and journalists of the movement, such as John Eric Larsen, Joan Nestle, Barbara Grier, and Jim Kepner elected officials, including Bella Abzug, Ed Koch, Eleanor Holmes Norton, Gerry Studds, Tammy Baldwin, and Bill Clinton Many of these documents have long been out of print. *Speaking for Our Lives* makes these noteworthy texts readily available to the broader public they deserve. This book preserves an essential part of twentieth-century history.

The Crisis

Focusing on the contributions of civic reformers and political architects who arrived in New York in the early decades of the 20th century, this book explores the wide array of sweeping social reforms and radical racial demands first conceived of and planned in Harlem that transformed African Americans into self-aware U.S. citizens for the first time in history. When the first slave escaped bondage in the American South and migrated to the Northeast region of the United States, this act of an individual started what became known as the "great migration" of African Americans fleeing the feudal South for New York and other Northern cities. This migration fueled an intellectual, social, and personal pursuit—the long-standing quest for identity by a lost tribe of African Americans—by every black man, woman, and child in America. In Harlem, that quest was anchored by a wide array of civic, business, and prominent leaders who succeeded in establishing what we now know as modern African American culture. In *Harlem: The Crucible of Modern African American Culture*, author Lionel C. Bascom examines the accuracy of the established image of Harlem during the Renaissance period—roughly between 1917 and the 1960s—as "heaven" for migrating African Americans. He establishes how mingled among the former tenant farmers, cotton pickers, maids, and farmhands were college-educated intellectuals, progressive ministers, writers, and lecturers who formed various organizations aimed at banishing images of Negroes as bumbling, ignorant, second-class citizens. The book also challenges unfounded claims that political and social movements during the Harlem Renaissance period failed and dramatizes numerous attempts by government authorities to silence black progressives who spearheaded movements that eventually ended segregation in the armed forces, drafted plans that led to the first sweeping civil rights legislation, and resulted in a U.S. Supreme Court ruling that finally made racial segregation in schools a federal crime.

The Crisis

"Gadsden-Williams is an award-winning global diversity expert who launched Ceiling Breakers LLC to help women and professionals of color to reach their potential. In her book, she talks about her journey as a woman of color who's had top senior-level positions in corporate America while managing a chronic illness. She also provides solutions to address the challenges women face navigating the business world, essentially a

playbook for dealing with some of the most demanding workplace issues.\" --Ebony Magazine \"The first book from diversity expert, philanthropist, and Accenture lead executive Gadsden-Williams incorporates both memoir and career guide...Hers is a realistic, pragmatic discussion of what it takes to make it in Fortune 500 companies, and in life.\" --Booklist \"In this memoir and guidebook, Gadsden-Williams interweaves the story of her life as a black female executive with research statistics and savvy career tips for minority women also seeking to occupy the 'C-Suite'...Always candid about the realities of corporate life, the author offers sound advice for minority women seeking advancement, recognition, and meaningful lives. Illuminating and useful.\" --Kirkus Reviews \"Michelle Gadsden-Williams has accomplished something rare for a black woman in America: maintained a successful corporate career at the highest level. Climb is the story of her journey to the top, and her generous effort to send the elevator back down for the rest of us.\" --Tiffany Dufu, author of Drop the Ball \"Gadsden-Williams has written a brilliant book that reveals how companies can leverage diversity as a competitive advantage in today's marketplace. With vivid stories from her twenty-five years [of experience], Climb is a book that will reframe HR into a powerful strategy function for twenty-first century organizations.\" --John Gerzema, New York Times best-selling author of The Athena Doctrine \"Gadsden-Williams has used her personal story of resiliency to provide invaluable insight into how to build a fulfilling life, not just a career. She pulls no punches when sharing her experiences as an African American woman determined to fulfill her dream to help others live up to their potential.\" --Linda A. Hill, professor, Harvard Business School, and author of Being the Boss \"Most organizations were not designed for women of color. [In Climb] Gadsden-Williams takes us on a journey of her career--the winding road of making tough career and family decisions, seeking out and shaping opportunities, and walking away when others thought she should stay. There is raw, sincere vulnerability displayed in this book...[and there] is also a call to action--intentionally shape your career and be an active partner in shaping the organizations you are a part of. Thank you for sharing your story! I am sure it will be an inspiration to its readers. Keep climbing!\" --Katherine W. Phillips, Paul Caello Professor of Leadership and Ethics, Columbia Business School \"A frank memoir plus career guide, Michelle Gadsden-Williams shares personal stories of self-assurance, resilience, and bravery that serve as lessons for women in the workplace. This book is essential reading.\" --Angela Rye, CEO, IMPACT Strategies Renowned as a diversity and inclusion strategist, Gadsden-Williams held C-Suite positions at major organizations for many years...and then took the off-ramp to probe a different career path, launching Ceiling Breakers LLC, with the primary goal to help women and professionals of color reach their full potential. As a woman of color and corporate executive who has worked and traveled the world for several Fortune 500 companies--all while managing a chronic illness--she provides insight into overcoming the barriers facing professionals in today's workplace. In Climb, Gadsden-Williams combines her inspirational life story with pragmatic solutions to address problems facing women in corporate America, offering a professional playbook for tackling today's most pressing workplace issues.
