She teaches you how to eliminate these unconscious mistakes that could be holding you back and offers invaluable coaching tips that can easily be incorporated into your social and business skills. Stop making "nice girl" errors that can become career pitfalls, such as: Mistake #13: Avoiding office politics. If you don't play the game, you can't possibly win. Mistake #21: Multi-tasking. Just because you can do something, doesn't mean you should do it. Mistake #54: Failure to negotiate. Don't equate negotiation with confrontation. Mistake #70: Inappropriate use of social media. Once it's out there, it's hard to put the toothpaste back in the tube. Mistake #82: Asking permission. Children, not adults, ask for approval. Be direct, be confident.

Sophie's World

Winner of the Jackie Kirk Award Winner of the AESA Critics' Choice Award "Blazes new trails in the study of the lives of girls, challenging all of us who care about justice and gender equity not only to create just and inclusive educational institutions but to be unapologetically feminist in doing so. Seamlessly merging research with the stories and voices of girls and those who educate them, this book reminds us that we should do better and inspires the belief that we can. It is the blueprint we've been waiting for." —Brittney C. Cooper, author of *Eloquent Rage* "Nuamah makes a compelling and convincing case for the development of the type of school that can not only teach girls but also transform them...An essential read for all educators, policymakers, and parents invested in a better future." —Joyce Banda, former President of the Republic of Malawi This bold and necessary book points out a simple and overlooked truth: most schools never had girls in mind to begin with. That is why the world needs what Sally Nuamah calls "feminist schools," deliberately designed to provide girls with achievement-oriented identities. And she shows how these schools would help all students, regardless of their gender. Educated women raise healthier families, build stronger communities, and generate economic opportunities for themselves and their children. Yet millions of disadvantaged girls never make it to school—and too many others drop out or fail. Upending decades of advice and billions of dollars in aid, Nuamah argues that this happens because so many challenges girls confront—from sexual abuse to unequal access to materials and opportunities—go unaddressed. But it isn't enough just to go to school. What you learn there has to prepare you for the world where you'll put that knowledge to work. A compelling and inspiring scholar who has founded a nonprofit to test her ideas, Nuamah reveals that developing resilience is not a gender-neutral undertaking. Preaching grit doesn't help girls; it actively harms them. Drawing on her deep immersion in classrooms in the United States, Ghana, and South Africa, Nuamah calls for a new approach: creating feminist schools that will actively teach girls how and when to challenge society's norms, and allow them to carve out their own paths to success.

THE MIND-BENDING CULT CLASSIC ABOUT A HOUSE THAT'S LARGER ON THE INSIDE THAN ON THE OUTSIDE • A masterpiece of horror and an astonishingly immersive, maze-like reading experience that redefines the boundaries of a novel. "Simultaneously reads like a thriller and like a strange, dreamlike excursion into the subconscious." —Michiko Kakutani, The New York Times "Thrillingly alive, sublimely creepy, distressingly scary, breathtakingly intelligent—it renders most other fiction meaningless." —Bret Easton Ellis, bestselling author of *American Psycho* "This demonically brilliant book is impossible to ignore." —Jonathan Lethem, award-winning author of *Motherless Brooklyn* One of The Atlantic's Great American Novels of the Past 100 Years Years ago, when *House of Leaves* was first being passed around, it was nothing more than a badly bundled heap of paper, parts of which would occasionally surface on the Internet. No one could have anticipated the small but devoted following this terrifying story would soon command. Starting with an odd assortment of marginalized youth—musicians, tattoo artists, programmers, strippers, environmentalists, and adrenaline junkies—the book eventually made its way into the hands of older generations, who not only found themselves in those strangely arranged pages but also discovered a

way back into the lives of their estranged children. Now made available in book form, complete with the original colored words, vertical footnotes, and second and third appendices, the story remains unchanged. Similarly, the cultural fascination with *House of Leaves* remains as fervent and as imaginative as ever. The novel has gone on to inspire doctorate-level courses and masters theses, cultural phenomena like the online urban legend of “the backrooms,” and incredible works of art in entirely uncharted mediums from music to video games. Neither Pulitzer Prize-winning photojournalist Will Navidson nor his companion Karen Green was prepared to face the consequences of the impossibility of their new home, until the day their two little children wandered off and their voices eerily began to return another story—of creature darkness, of an ever-growing abyss behind a closet door, and of that unholy growl which soon enough would tear through their walls and consume all their dreams.

The Trouble with Tink

Despite its geographic and industry expansion as part of the ongoing globalisation of service activity, temporary agency work (TAW) is relatively understudied. TAW is characterised by a distinct triangular structure where workers are typically hired by staffing or employment agencies while being ‘dispatched’ to firms that use them as a type of temporary or non-regular labour. This agency-mediated labour dispatching, as a newly institutionalised industry, has registered rapid growth rates over recent decades across vast swathes of the globe. To a great degree, TAW is part of a wider structural transformation of work and employment under neoliberalism. Arguably, controversy over the expanding non-regular workforce is at its most acute when it comes to unsavoury labour-selling practices. In this connection, TAW is an exemplary field in which to examine today’s ‘flexible’ capitalism and its concomitant phenomenon, i.e. ‘inequality’. Featuring holistic and interdisciplinary perspectives, this edited collection provides a comprehensive overview of TAW, in an international context. It reveals how the TAW industry is intertwined with the changing relationship between the state, corporations and labour unions at the institutional-structural level, and also the perceptions and experiences of ordinary workers in everyday practice. By combining global and local forces, macro and micro levels of analysis, and theoretical and empirical investigations, the book offers fresh insights into recurring issues of labour flexibility and inequality, contributes to practical applications and facilitates fruitful cross-national collaborations.

My Ántonia is a 1918 novel by American writer Willa Cather. The last book of her Great Plains trilogy, it is considered to be among her best works and proceeds *O Pioneers!* and *The Song of the Lark*. The novel continues the tale of the two children brought to the pioneers in Nebraska towards the end of the 19th century: Jim Burden, an orphan from Virginia, and Ántonia Shimerda. Cather's *My Ántonia* is her masterpiece and constitutes a must-read for fans of her fantastic frontier fiction. Willa Sibert Cather (1873–1947) was an American writer famous for her novels related to frontier life on the Great Plains. She won the Pulitzer Prize for her World War I novel *One of Ours* (1922). This classic work is being republished now in a new edition complete with an excerpt from Willa Cather by H. L. Mencken.

"My Antonia(1918) depicts the pioneering period of European settlement on the tall-grass prairie of the American midwest, with its beautiful yet terrifying landscape, rich ethnic mix of immigrants and native-born Americans, and communities who share life's joys and sorrows"--- back cover.

"Do not judge a book by its cover\" - said every author suffering from Imposter's Syndrome ever. And this book's got a great cover. So, you know what that means. Quack's all about being a quack. The author, or you'd rather call her a poet, describes her slow descent into madness, armed with nothing but metaphors and convoluted emotions, all because of a guy she fondly calls 'Halley's Comet'. Rejection can be a mischievous thing. It can turn you inside out, or carve out your insides, and leave you a 75-kilo empty shell. This book is intended to be cathartic (for her, of course), but feel free to relate and fold any pages (she loves dog-eared books), drop some sauce on the parts that you like, tuck in leaves or polaroids of your own conflicts into its pages. And scribble your own thoughts along the margins, as you go along. And if you find anything particularly beautiful, consider it your own. She's not fooling anybody.

Ashley Dartnell's mother was a glamorous American, her father a dashing Englishman, each trying to slough off their past and upgrade to a more romantic and exotic present in Iran. As the story starts, Ashley is eight years old and living in Tehran in the 1960s: the Shah was in power, life for Westerners was rich and privileged. But somehow it didn't all add up to a fairytale. There were bankruptcies and prisons, betrayals and lovers, lies and evasions. And throughout it all, Ashley's passionate and strong-willed mother, Genie. Stories of mothers and daughters are some of the most compelling in contemporary memoir, from *The Liar's Club* and *The Glass Castle* to *Don't Let's Go to the Dogs Tonight* and *Bad Blood*. *Farangi Girl* deserves to be in their company. It's an honest and endlessly recognisable portrait of a mother by a daughter who loved her (and was loved in return). Against this extraordinary background, Ashley's journey into adulthood was more helter-skelter than most and this portrait of a bewitching and endlessly inventive mother is surprising and deeply moving.

Arthur Miller's classic parable of mass hysteria draws a chilling parallel between the Salem witch-hunt of 1692 - 'one of the strangest and most awful chapters in human history' - and the McCarthyism which gripped America in the 1950s. The story of how the small community of Salem is stirred into madness by superstition, paranoia and malice, culminating in a violent climax, is a savage attack on the evils of mindless persecution and the terrifying power of false accusations.

The Crucible

Reissued with a new jacket to mark the publication of the sixth and final collection of Miller's plays, this volume contains four of the most important and famous plays of the American theatre. All five plays were written by Arthur Miller within a ten-year period which began with his first Broadway hit in 1947: 'With the production of *All My Sons*, wrote Brooks Atkinson in the *New York Times*, 'the theatre has acquired a genuine new talent.' This hit was followed by an even greater play: *Death of a Salesman*. 'A great play of our day', wrote the *New York Herald Tribune* and the play has gone on to become the classic American tragedy of Willy Loman, a salesman who becomes disillusioned with the American dream. *The Crucible* (1953) was produced during the McCarthy era and became a parable of the witch-hunting practises of a government rooting out Communists. *A View from the Bridge* (1955) concerns the lives of longshoremen in the Brooklyn waterfront and has remained one of Miller's most produced plays. *A Memory of Two Mondays*, a one-act play, was written as a companion piece to *A View from the Bridge*. 'The greatest American dramatist of our age'. *Evening Standard*

"To be a fan is to scream alone together." This is the discovery Hannah Ewens makes in *Fangirls*: how music fandom is at once a journey of self-definition and a conduit for connection and camaraderie; how it is both complicated and empowering; and how now, more than ever, fandoms composed of girls and young queer people create cultures that shape and change an entire industry. This book is about what it means to be a fangirl. Speaking to hundreds of fans from the UK, US, Europe, and Japan, Ewens tells the story of music fandom using its own voices, recounting previously untold or glossed-over scenes from modern pop and rock music history. In doing so, she uncovers the importance of fan devotion: how Ariana Grande represents both tragedy and resilience to her followers, or what it means to meet an artist like Lady Gaga in person. From One Directioners, to members of the Beyhive, to the author's own fandom experiences, this book reclaims the "fangirl" label for its young members, celebrating their purpose, their power, and, most of all, their passion for the music they love.

Loveless remains an enigma, 15 years after its release - an album so influential and groundbreaking that its chief creator, Kevin Shields, has been unable or unwilling to release an official follow-up. In his book, Mike McGonigal talks to all the members of My Bloody Valentine, in an almost certainly futile attempt to get at the essence of this extraordinary record.

This Prestwick House Literary Touchstone Classic? includes a glossary and reader?s notes to help the modern reader contend with Cather?s allusions and vocabulary. My Antonia, Willa Cather?s vivid portrayal of immigrant life on the American prairie during the nineteenth century, has been a favorite since it first appeared in 1918. The harsh?yet forgiving?land, the growth and maturity of Jim Burden, the narrator, the intriguing characters, and the force of Antonia?s strength all combine to make this novel exceptional. Cather?s style perfectly depicts the sparseness of the prairie and the desolation of the immigrants? existence in winter and comes alive when the glory and beauty of spring emerge.
