So You Want to Be President of the United States

Describes the requirements, roles, and responsibilities of the president of the United States, and how to get on the path to achieving the highest position in United States government.

What Will It Take to Make A Woman President?

Prompted by a question from her eight-year-old daughter during the 2008 election of Barack Obama—"Why haven't we ever had a woman president?"—Marianne Schnall set out on a journey to find the answer. A widely published writer, author, and interviewer, and the Executive Director of Feminist.com, Schnall began looking at the issues from various angles and perspectives, gathering viewpoints from influential people from all sectors. *What Will It Take to Make A Woman President?* features interviews with politicians, public officials, thought leaders, writers, artists, and activists in an attempt to discover the obstacles that have held women back and what needs to change in order to elect a woman into the White House. With insights and personal anecdotes from Sheryl Sandberg, Maya Angelou, Gloria Steinem, Nancy Pelosi, Nicholas Kristof, Melissa Etheridge, and many more, this book addresses timely, provocative issues involving women, politics, and power. With a broader goal of encouraging women and girls to be leaders in their lives, their communities, and the larger world, Schnall and her interviewees explore the changing paradigms occurring in politics and in our culture with the hope of moving toward meaningful and effective solutions—and a world where a woman can be president.

P Is for President

Readers can discover what it means to be President of the United States in this easy-to-read informational 8x8 perfect for Presidential election years, or any time future leaders want to learn about politics! Being President of the United States is a big job —the biggest job in all of America! Follow the president as he or she campaigns, runs, moves into the White House, and works to fix problems. Learn about historically significant presidents along the way, and see what it takes to be president. Do you have what it takes to run the U.S.?

The Kid Who Became President

"My fellow Americans, When I was running for President, I said you should vote for me because I didn't know anything about politics . . . or how to raise taxes . . . or how to ruin the economy. I didn't know how to get us into a war. I said you should vote for me because I didn't know anything. Well, that was two months ago, and I'm very proud to say that . . . I still don't know anything. Let's face it: I'm a kid. I'm going to need a lot of help. Here's the deal I offer America: I'll help all of you if you all help me!"

Too Young to Run?

"Examines the history, theory, and politics behind the age qualifications for elected federal office in the United States Constitution. Argues that the right to run for office ought to be extended to all adult-age citizens who are otherwise office-eligible"--Provided by publisher.

Indispensable

Will your next leader be insignificant—or indispensable? The importance of leadership and the impact of individual leaders has long been the subject of debate. Are they made by history, or do they make it? In *Indispensable*, Harvard Business School professor Gautam Mukunda offers an enticingly fresh look at how and when individual leaders really can make a difference. By identifying and analyzing the hidden patterns of their careers, and by exploring the systems that place these leaders in positions of power, *Indispensable* sheds new light on how we may be able to identify the best leaders and what lessons we can learn, from both the process and the result. Profiling a mix of historic and modern figures—from Thomas Jefferson and Abraham Lincoln to Winston Churchill and Judah Folkman—and telling the stories of how they came to power and how they made the most important decisions of their lives, *Indispensable* reveals how, when, and where a single individual in the right place at the right time can save or destroy the organization they lead, and even change the course of history. *Indispensable* will also help you understand this new model so you can use it in your own life—whether you're a citizen casting a ballot, an executive choosing your next CEO, or a leader trying to make your mark.

Author in Chief

"One of the best books on the American presidency to appear in recent years" (The Wall Street Journal) and based on a decade of research and reporting—a delightful new window into the public and private lives America's presidents as authors. Most Americans are familiar with Abraham Lincoln's famous words in the Gettysburg Address and the Emancipation Proclamation. Yet few can name the work that helped him win the presidency: his published collection of speeches entitled *Political Debates between Hon. Abraham Lincoln and Hon. Stephen A. Douglas*. Lincoln labored in secret to get his book ready for the 1860 election, tracking down newspaper transcripts, editing them carefully for fairness, and hunting for a printer who would meet his specifications. *Political Debates* sold fifty thousand copies—the rough equivalent of half a million books in today's market—and it reveals something about Lincoln's presidential ambitions. But it also reveals something about his heart and mind. When voters asked about his beliefs, Lincoln liked to point them to his book. In Craig Fehrman's "original, illuminating, and entertaining" (Jon Meacham) work of history, the story of America's presidents and their books opens a rich new window into presidential biography. From volumes lost to history—Calvin Coolidge's *Autobiography*, which was one of the most widely discussed titles of 1929—to ones we know and love—Barack Obama's *Dreams from My Father*, which was very nearly never published—Fehrman unearths countless insights about the presidents through their literary works. Presidential books have made an enormous impact on American history, catapulting their authors to the national stage and even turning key elections. Beginning with Thomas Jefferson's *Notes on the State of Virginia*, the first presidential book to influence a campaign, and John Adams's *Autobiography*, the first score-settling presidential memoir, *Author in Chief* draws on newly uncovered information—including never-before-published letters from Andrew Jackson, John F. Kennedy, and Ronald

Reagan—to cast fresh light on the private drives and self-doubts that fueled our nation’s leaders. We see Teddy Roosevelt as a vulnerable first-time author, struggling to write the book that would become a classic of American history. We see Reagan painstakingly revising *Where’s the Rest of Me?*, and Donald Trump negotiating the deal for *The Art of the Deal*, the volume that made him synonymous with business savvy. Alongside each of these authors, we also glimpse the everyday Americans who read them. “If you’re a history buff, a presidential trivia aficionado, or just a lover of American literary history, this book will transfix you, inform you, and surprise you” (*The Seattle Review of Books*).

Kid President's Guide to Being Awesome

“This is LIFE, people! You've got air coming through your nose! You've got a heartbeat! That means it's time to do something!” announces Kid President in his book, *Kid President's Guide to Being Awesome*. From YouTube sensation (75 million views and counting!) to Hub Network summer series star, Kid President—ten-year-old Robby Novak—and his videos have inspired millions to dance more, to celebrate life, and to throw spontaneous parades. In his *Guide to Being Awesome*, Kid President pulls together lists of awesome ideas to help the world, awesome interviews with his awesome celebrity friends (he has interviewed Beyoncé!), and a step-by-step guide to make pretty much everything a little bit awesomer. Grab a corn dog and settle in to your favorite comfy chair. Pretend it's your birthday! (In fact, treat everyone like it's THEIR birthday!) Kid President is here with a 240-page, full-color *Guide to Being Awesome* that'll spread love and inspire the world.

President of the Whole Fifth Grade

In this fun middle-grade novel from the author of *The Kayla Chronicles*, Brianna Justice has big dreams of following in her chef hero’s footsteps—and the first step is to become the president of her class. Start counting your votes . . . and your friends. When Brianna Justice's hero, the famous celebrity chef Miss Delicious, speaks at her school and traces her own success back to being president of her fifth grade class, Brianna determines she must do the same. She just knows that becoming president of her class is the first step toward her own cupcake-baking empire! But when new student Jasmine Moon announces she is also running for president, Brianna learns that she may have more competition than she expected. Will Brianna be able to stick to her plan of working with her friends to win the election fairly? Or will she jump at the opportunity to steal votes from Jasmine by revealing an embarrassing secret? This hilarious, heartfelt novel will appeal to any reader with big dreams and the determination to achieve them.

The Next President

An inspiring and informative book for kids about the past and future of America's presidents. Who will be the NEXT president? Could it be you? When George Washington became the first president of the United States, there were nine future presidents already alive in America, doing things like practicing law or studying medicine. When JFK became the thirty-fifth president, there were 10 future presidents already alive in America, doing things like hosting TV shows and learning the saxophone. And right now—today!—there are at least 10 future presidents alive in America. They could be playing basketball, like Barack Obama, or helping in the garden, like Dwight D. Eisenhower. They could be solving math problems or reading books. They could be making art—or already making change.

- A breezy, kid-friendly survey of American history and American presidents
- Great for teachers, librarians, and other educators
- Kate Messner's nonfiction picture books have been lauded by critics and received a variety of awards. For young readers and students who loved *The New Big Book of Presidents*, *Lincoln and Kennedy: A Pair to Compare*, and *Kid Presidents: True Tales of Childhood from America's Presidents*. A helpful addition to curriculums of 5th- to 8th-grade students studying U.S. History and civics and the federal government.
- For readers ages 8–12
- S. history for kids
- Students, librarians, teachers
- 5th–8th-grade kids

From award-winning author Kate Messner and New York Times bestselling artist Adam Rex comes a timely and compelling compendium about the U.S. presidents—before they were presidents. Kate Messner is an award-winning author whose many books for

kids have been selected as Best Books by the New York Times, Junior Library Guild, IndieBound, and Bank Street College of Education. She lives on Lake Champlain with her family. Adam Rex is the author and illustrator of many beloved picture books and novels, including *Nothing Rhymes with Orange* and the New York Times bestseller *Frankenstein Makes a Sandwich*. He has worked with the likes of Jon Scieszka, Mac Barnett, Jeff Kinney, and Neil Gaiman. He lives in Tucson, Arizona.

The President

The President tells the story of a ruthless dictator and his schemes to dispose of a political adversary in an unnamed country usually identified as Guatemala. Drawing on his experience as a journalist writing under repressive conditions, Miguel Angel Asturias provides a blazing indictment of totalitarian government and its damaging psychological effects on society - from the harvest of terror to cowardice, to sycophancy, to treachery and intrigue, and the total sacrifice of human values to lust for power. Written in a language of freedom and originality, full of extraordinary symbolism, biting satire, poetry and dream sequences, with an imagination that is both lyrical and ferocious, *The President* is a surrealist masterpiece and one of the most influential books of the twentieth century.

Why Do We Still Have the Electoral College?

A New Statesman Book of the Year “America’s greatest historian of democracy now offers an extraordinary history of the most bizarre aspect of our representative democracy—the electoral college...A brilliant contribution to a critical current debate.” —Lawrence Lessig, author of *They Don’t Represent Us* Every four years, millions of Americans wonder why they choose their presidents through an arcane institution that permits the loser of the popular vote to become president and narrows campaigns to swing states. Congress has tried on many occasions to alter or scuttle the Electoral College, and in this master class in American political history, a renowned Harvard professor explains its confounding persistence. After tracing the tangled origins of the Electoral College back to the Constitutional Convention, Alexander Keyssar outlines the constant stream of efforts since then to abolish or reform it. Why have they all failed? The complexity of the design and partisan one-upmanship have a lot to do with it, as do the difficulty of passing constitutional amendments and the South’s long history of restrictive voting laws. By revealing the reasons for past failures and showing how close we’ve come to abolishing the Electoral College, Keyssar offers encouragement to those hoping for change. “Conclusively demonstrates the absurdity of preserving an institution that has been so contentious throughout U.S. history and has not infrequently produced results that defied the popular will.” —Michael Kazin, *The Nation* “Rigorous and highly readable...shows how the electoral college has endured despite being reviled by statesmen from James Madison, Thomas Jefferson, and Andrew Jackson to Edward Kennedy, Bob Dole, and Gerald Ford.” —Lawrence Douglas, *Times Literary Supplement*

Persist

The inspiring, influential senator and bestselling author mixes vivid personal stories with a passionate plea for political transformation. Elizabeth Warren is a beacon for everyone who believes that real change can improve the lives of all Americans. Committed, fearless, and famously persistent, she brings her best game to every battle she wages. In *Persist*, Warren writes about six perspectives that have influenced her life and advocacy. She’s a mother who learned from wrenching personal experience why child care is so essential. She’s a teacher who has known since grade school the value of a good and affordable education. She’s a planner who understands that every complex problem requires a comprehensive response. She’s a fighter who discovered the hard way that nobody gives up power willingly. She’s a learner who thinks, listens, and works to fight racism in America. And she’s a woman who has proven over and over that women are just as capable as men. Candid and compelling, *Persist* is both a deeply personal book and a powerful call to action. Elizabeth Warren—one of our nation’s most visionary leaders—will inspire everyone to believe that if we’re willing to fight for it, profound change is well within our reach.

So You Want to Be My President? The ULTIMATE Voter's Guide

Avul Pakir Jainulabdeen Abdul Kalam, The Son Of A Little-Educated Boat-Owner In Rameswaram, Tamil Nadu, Had An Unparalleled Career As A Defence Scientist, Culminating In The Highest Civilian Award Of India, The Bharat Ratna. As Chief Of The Country'S Defence Research And Development Programme, Kalam Demonstrated The Great Potential For Dynamism And Innovation That Existed In Seemingly Moribund Research Establishments. This Is The Story Of Kalam'S Rise From Obscurity And His Personal And Professional Struggles, As Well As The Story Of Agni, Prithvi, Akash, Trishul And Nag--Missiles That Have Become Household Names In India And That Have Raised The Nation To The Level Of A Missile Power Of International Reckoning.

How to Win Friends and Influence People

"So You Think You Can Be President? is required reading not just for those of us who have had the audacity to ask ourselves that question, but for everyone."—Senator John Kerry What exactly does the leader of five legislative branches, ten executive branches, twenty departments, ninety-five independent agencies, and the free world do at his (or her) job every day? More importantly, what should the President of the United States (POTUS) know before she or he is elected? Have you ever thought, "I could do a better job than that bum in the White House"? Iris Burnett and Clay Greager have devised a hilarious test to see if you (yes, you) are qualified to be the next President of the United States. Tackling everything from your incredibly personal details (can you account for every penny you have ever made?) to your stance on hard-hitting issues like immigration, defense, and how many of your rich friends are going to get jobs they are totally unqualified for, So You Think You Can Be President? is a witty and uproarious send-up of our political process.

Wings of Fire

A little girl imagines what her day would be like if she were Madam President. There would be executive orders to give, babies to kiss, tuna casseroles to veto (or VETO!)...and so much more! Not to mention that recess would definitely require more security. With deadpan wit and hilarious illustrations, best-selling picture book creator Lane Smith introduces readers to an unforgettable new character. /DIVDIV

So You Think You Can Be President?

Selected letters to presidents with contextual commentary.

Madam President

An essential guide to the presidential powers and limits of the Constitution, for anyone voting—or running—for our highest office. Can the president launch a nuclear attack without congressional approval? Is it ever a crime to criticize the president? Can states legally resist a president's executive order? In today's fraught political climate, it often seems as if we must become constitutional law scholars just to understand the news from Washington, let alone make a responsible decision at the polls. The Oath and the Office is the book we need, right now and into the future, whether we are voting for or running to become president of the United States. Constitutional law scholar and political science professor Corey Brettschneider guides us through the Constitution and explains the powers—and limits—that it places on the presidency. From the document itself and from American history's most famous court cases, we learn why certain powers were granted to the presidency, how the Bill of Rights limits those powers, and what "we the people" can do to influence the nation's highest public office—including, if need be, removing the person in it. In these brief yet deeply researched chapters, we meet founding fathers such as James Madison and Alexander Hamilton, as well as key figures from historic cases such as *Brown v. Board of Education* and *Korematsu v. United States*. Brettschneider breathes new life into the articles and amendments that we once read about in high school civics class, but that have real impact on our lives today. The Oath and the Office offers a compact,

comprehensive tour of the Constitution, and empowers all readers, voters, and future presidents with the knowledge and confidence to read and understand one of our nation's most important founding documents.

You Can Be President

After working a difficult job as a surveyor's assistant as a young boy, George Washington learned that he enjoyed the challenges of the outdoors and quickly became fascinated with the American frontier--resulting in him pursuing a different career than his brother in later life that led him to become a courageous general in the Revolutionary War and the first President of the United States.

Dear Mr. President

Scholars and pundits alike have spent more than a little time speculating about why Hillary Clinton lost the presidency to Donald Trump in 2016. Their conclusions may differ, but few would disagree that Clinton's nomination by a major party changed the political landscape in significant ways--nor that the results of the 2016 election provoked a large number of women to run for office at all levels of government. The genie is out of the bottle. In this context, the authors of *Madam President?* critically analyze the barriers facing women on the road to the White House--from gender stereotyping to biased media coverage, the conflation of masculinity and the presidency, gendered conceptions of leadership, and more.

The Oath and the Office

"Hilarious. . . . Studying the presidency need never be dull again." — Booklist George Washington crossed the Delaware in the dead of night. Abraham Lincoln saved the Union. And President William Howard Taft, a man of great stature . . . well, he got stuck in a bathtub. Now how did he get unstuck?

Take the Lead, George Washington

So you want to be a U. S. senator? Find out the requirements, the roles and responsibilities, and how you can put yourself on the path to becoming a member of Congress.

Madam President?

The 2016 presidential election has sparked an unprecedented interest in the Electoral College. In response to Donald Trump winning the presidency despite losing the popular vote, numerous individuals have weighed in with letters-to-the-editor, op-eds, blog posts, videos, and the like, and thanks to the revolution in digital communications, these items have reached an exceptionally wide audience. In short, never before have so many people had so much to say about the Electoral College. To facilitate and expand the conversation, *Picking the President: Understanding the Electoral College* offers brief essays that examine the Electoral College from different disciplinary perspectives, including philosophy, mathematics, political science, history, and pedagogy. Along the way, the essays address a variety of questions about the Electoral College: Why was it created? How has it changed over time? Who benefits from it? Is it just? How will future demographic patterns affect it? Should we alter or abolish the Electoral College, and if so, what should replace it? In exploring these matters, *Picking the President* enhances our understanding of one of America's most high-profile, momentous issues.

President Taft Is Stuck in the Bath

"Containing the public messages, speeches, and statements of the President"

So You Want to be a U.S. Senator

From assassinations to student riots, this is \"a splendidly evocative account of a historic year—a year of tumult, of trauma, and of tragedy\" (Arthur Schlesinger Jr.). In the United States, the 1960s were a period of unprecedented change and upheaval—but the year 1968 in particular stands out as a dramatic turning point. Americans witnessed the Tet offensive in Vietnam; the shocking assassinations of Martin Luther King Jr. and Robert Kennedy; and the chaos at the Democratic National Convention in Chicago. At the same time, a young generation was questioning authority like never before—and popular culture, especially music, was being revolutionized. Largely based on unpublished interviews and documents—including in-depth conversations with Eugene McCarthy and Bob Dylan, among many others, and the late Theodore White's archives, to which the author had sole access— 1968 in America is a fascinating social history, and the definitive study of a year when nothing could be taken for granted. \"Kaiser aims to convey not only what happened during the period but what it felt like at the time. Affecting touches bring back powerful memories, including strong accounts of the impact of the Tet offensive and of the frenzy aroused by Bobby Kennedy's race for the presidency.\" — The New York Times Book Review

Picking the President

\"The most comprehensive single-volume reference work on the presidents of the United States, as well as a fascinating glimpse into the continuing evolution of the office\"--Back cover

Weekly Compilation of Presidential Documents

So You Want to Write about American Indians? is the first of its kind an indispensable guide for anyone interested in writing and publishing a novel, memoir, collection of short stories, history, or ethnography involving the Indigenous peoples of the United States. In clear language illustrated with examples many from her own experiences Choctaw scholar and writer Devon Abbott Mihesuah explains the basic steps involved with writing about American Indians. So You Want to Write about American Indians? provides a concise overview of the different types of fiction and nonfiction books written about Natives and the common challenges and pitfalls encountered when writing each type of book. Mihesuah presents a list of ethical guidelines to follow when researching and writing about Natives, including the goals of the writer, stereotypes to avoid, and cultural issues to consider. She also offers helpful tips for developing ideas and researching effectively, submitting articles to journals, drafting effective book proposals, finding inspiration, contacting an editor, polishing a manuscript, preparing a persuasive résumé or curriculum vitae, coping with rejection, and negotiating a book contract.

Public Papers of the Presidents of the United States

This anthology examines Love's Labours Lost from a variety of perspectives and through a wide range of materials. Selections discuss the play in terms of historical context, dating, and sources; character analysis; comic elements and verbal conceits; evidence of authorship; performance analysis; and feminist interpretations. Alongside theater reviews, production photographs, and critical commentary, the volume also includes essays written by practicing theater artists who have worked on the play. An index by name, literary work, and concept rounds out this valuable resource.

1968 in America

\" ... brings together piercing analyses of the American presidency - dealing with both current issues and historical events. The compendia consists of the combined and rearranged issues of [the journal] \"White House Studies\" with the addition of a comprehensive subject index.\"--Preface.

The American President

“Schools are not intentionally equitable places for English learners to achieve, but they could be if the right system of support were put in place. Diane Staehr Fenner and Sydney Snyder recommend just such a system. Not only does it have significant potential for providing fuller access to the core curriculum, it also provides a path for teachers to travel as they navigate the individual needs of students and support their learning journeys.” —Douglas Fisher, Coauthor of *Visible Learning for Literacy* A once-in-a-generation text for assisting a new generation of students Content teachers and ESOL teachers, take special note: if you’re looking for a single resource to help your English learners meet the same challenging content standards as their English-proficient peers, your search is complete. Just dip into this toolbox of strategies, examples, templates, and activities from EL authorities Diane Staehr Fenner and Sydney Snyder. The best part? *Unlocking English Learners’ Potential* supports teachers across all levels of experience. The question is not if English learners can succeed in today’s more rigorous classrooms, but how. *Unlocking English Learners’ Potential* is all about the how: How to scaffold ELs’ instruction across content and grade levels How to promote ELs’ oral language development and academic language How to help ELs analyze text through close reading and text-dependent questions How to build ELs’ background knowledge How to design and use formative assessment with ELs Along the way, you’ll build the collaboration, advocacy, and leadership skills that we all need if we’re to fully support our English learners. After all, any one of us with at least one student acquiring English is now a teacher of ELs.

So You Want to Write about American Indians?

An exclusive collection of 20 acceptance speeches by winners of the most respected prizes in children's literature.

The New York Times Book Reviews 2000

“I would love for my younger fans to read *What Will It Take to Make a Woman President?* by Marianne Schnall. It's a collection of interviews and essays by great women, including Maya Angelou, Gloria Steinem, and Melissa Etheridge. They will inspire you to become a better leader.” —Beyoncé Prompted by a question from her eight-year-old daughter during the 2008 election of Barack Obama, “Why haven't we ever had a woman president?”
