

Catch-22

"Catch-22 was published in 1961, becoming a number-one bestseller in England before American audiences identified with its anti-war sentiments, earning it classic status and prompting a film version in 1970. Heller's dark, satirical novel became so ubiquitous that it initiated the eponymous phrase regarding paradoxical situations. Catch-22 is appreciated for its black humor, extensive use of flashbacks, contorted chronology, countercultural sensibilities, and bizarre language structures. With current trends and political climate considered, this volume revisits this classic text for a contemporary audience."

The Lloyd's Register of Yachts was first issued in 1878, and was issued annually until 1980, except during the years 1916-18 and 1940-46. Two supplements containing additions and corrections were also issued annually. The Register contains the names, details and characters of Yachts classed by the Society, together with the particulars of other Yachts which are considered to be of interest, illustrates plates of the Flags of Yacht and Sailing Clubs, together with a List of Club Officers, an illustrated List of the Distinguishing Flags of Yachtsmen, a List of the Names and Addresses of Yacht Owners, and much other information. New Testament scholars typically assume that the men who pervade the pages of Luke's two volumes are models of an implied "manliness." Scholars rarely question how Lukan men measure up to ancient masculine mores, even though masculinity is increasingly becoming a topic of inquiry in the field of New Testament and its related disciplines. Drawing especially from gender-critical work in classics, Brittany Wilson addresses this lacuna by examining key male characters in Luke-Acts in relation to constructions of masculinity in the Greco-Roman world. Of all Luke's male characters, Wilson maintains that four in particular problematize elite masculine norms: namely, Zechariah (the father of John the Baptist), the Ethiopian eunuch, Paul, and, above all, Jesus. She further explains that these men do not protect their bodily boundaries nor do they embody corporeal control, two interrelated male gender norms. Indeed, Zechariah loses his ability to speak, the Ethiopian eunuch is castrated, Paul loses his ability to see, and Jesus is put to death on the cross. With these bodily "violations," Wilson argues, Luke points to the all-powerful nature of God and in the process reconfigures--or refigures--men's own claims to power. Luke, however, not only refigures the so-called prerogative of male power, but he refigures the parameters of power itself. According to Luke, God provides an alternative construal of power in the figure of Jesus and thus redefines what it means to be masculine. Thus, for Luke, "real" men look manifestly unmanly. Wilson's findings in *Unmanly Men* will shatter long-held assumptions in scholarly circles and beyond about gendered interpretations of the New Testament, and how they can be used to understand the roles of the Bible's key characters.
