

Why Spy

Why Spy?

Spying continues to fascinate us, as evidenced in the popularity of shows such as *Homeland* or the interest in Wikileaks documents, and this book argues the case for traditional espionage.

Why Spy?

What motivates someone to risk his or her life in the shadowy, often dangerous world of espionage? What are the needs and opportunities for spying amid the "war on terrorism"? And how can the United States recruit spies to inform its struggle with Islamic fundamentalists' acts of anti-Western jihad? Drawing on over twenty-five years of experience, Frederick P. Hitz, a former inspector general of the Central Intelligence Agency, guides the reader through the byzantine structure of the U.S. intelligence community (which agency handles what?), traces the careers and pitfalls of such infamous spies as Robert Hanssen and Aldrich Ames, and explains how the United States must meet the challenges set forth in the Intelligence Reform and Terrorism Prevention Act of 2004. He also describes the transformation of the CIA after the end of the cold war--from 1991 to the present--and outlines a vision for the future of U.S. spying in the twenty-first century. A fascinating glimpse into the inner workings of international espionage and intelligence, *Why Spy?* is a must-read not only for fans of Tom Clancy and John le Carré, but for anyone concerned about the security of the United States in a post-cold war, post-9/11 world.

SUMMARY - Why Spy: On The Art Of Intelligence (Intelligence And Security) By Brian Stewart And Samantha Newbery

* Our summary is short, simple and pragmatic. It allows you to have the essential ideas of a big book in less than 30 minutes. As you read this summary, you will learn that espionage is an art that is practiced in different ways depending on the place and time, even if there are undeniable constants. You will also learn that : the American authorities knew that the Japanese were preparing to attack Pearl Harbor; the U.S. government had also been warned of the imminence of Al Qaeda's attacks in time before September 11th ; intoxication operations in the field of espionage are not new; the assassination of Sarajevo in 1914 was only made possible by a prior espionage mission; in its early days, the Soviet Union relied heavily on espionage to ensure its survival; fidel Castro's regime owed its salvation in 1961 to Soviet espionage. Why do we spy? Essentially, to gain and retain power, as well as to win armed conflicts. If espionage has certain constants, invariable in time and place, this discipline is no stranger to change. The same is true of the techniques used, which differ from one time and place to another, but which, overall, are only marginally modified. Brian Stewart, a high-flying British spy who served for a long time in Asia, discusses all aspects of espionage in full knowledge of the facts, bringing us into a world from which laymen are mostly excluded. *Buy now the summary of this book for the modest price of a cup of coffee!

How to Become a Spy

Despite their very purpose of lying low and going unnoticed, the Spy has become quite a popular figure in our society. Thanks to big screen icons like James Bond and his peers, the life of a spy is coveted by many a starry-eyed child due to its glamorous, jet-setting, and fast-paced lifestyle. Make no mistake, however; the life of a covert agent isn't all fancy cocktail parties and swanky black outfits. Becoming a spy requires rigorous training and a lifetime of dedication. Only "the best of the best" get selected to go on high-stake missions overseas to gather information in service of their country. Even with their top-notch qualifications,

spies rarely if ever get a glimpse of the fame and fortune depicted in movies. As the mere concept of a spy entails, their job is to be unseen and unheard. If being the unsung hero or the dark knight of your country appeals to you, then you are on the right path. Becoming a covert operative will be grueling work, no doubt, but with this guide's help, you might just be on your way to becoming one of the elite who serves justice in the shadows. And even if you decide this lifestyle isn't for you, at least you'll pick up a few spy skills that may come in handy some day. Let's get started!

I Spy Spectacular

A collection of picture riddles for your enjoyment.

The Spy

In his new novel, Paulo Coelho, bestselling author of *The Alchemist* and *Adultery*, brings to life one of history's most enigmatic women: Mata Hari. **HER ONLY CRIME WAS TO BE AN INDEPENDENT WOMAN** When Mata Hari arrived in Paris she was penniless. Within months she was the most celebrated woman in the city. As a dancer, she shocked and delighted audiences; as a courtesan, she bewitched the era's richest and most powerful men. But as paranoia consumed a country at war, Mata Hari's lifestyle brought her under suspicion. In 1917, she was arrested in her hotel room on the Champs Elysees, and accused of espionage. Told in Mata Hari's voice through her final letter, *The Spy* is the unforgettable story of a woman who dared to defy convention and who paid the ultimate price.

Spy Dog

Lara, or GM451 as she is known by the government, is a highly trained special agent, bred by the British Secret Service for use on dangerous missions around the world. But her last mission went wrong and now she is being hunted down by an evil drugs baron, Mr Big. Lara must go undercover as a normal dog, 'choose' a family to look after her and await her retrieval by the Secret Service. But can she keep her true identity a secret? Can she thwart the plans of Mr Big? And can she bear to return to government service, after weeks of cosy domestic bliss? After an exciting struggle, Mr. Big is captured and Lara finds a way to stay with her family. But her spying days aren't over completely...

Atomic Spy

"Nancy Greenspan dives into the mysteries of the Klaus Fuchs espionage case and emerges with a classic Cold War biography of intrigue and torn loyalties. *Atomic Spy* is a mesmerizing morality tale, told with fresh sources and empathy." --Kai Bird, author of *The Good Spy* and coauthor of *American Prometheus: The Triumph and Tragedy of J. Robert Oppenheimer* "Enthralling and riveting."--The New York Times Book Review The gripping biography of a notorious Cold War villain--the German-born British scientist who handed the Soviets top-secret American plans for the plutonium bomb--showing a man torn between conventional loyalties and a sense of obligation to a greater good. German by birth, British by naturalization, Communist by conviction, Klaus Fuchs was a fearless Nazi resister, a brilliant scientist, and an infamous spy. He was convicted of espionage by Britain in 1950 for handing over the designs of the plutonium bomb to the Russians, and has gone down in history as one of the most dangerous agents in American and British history. He put an end to America's nuclear hegemony and single-handedly heated up the Cold War. But, was Klaus Fuchs really evil? Using archives long hidden in Germany as well as intimate family correspondence, Nancy Thorndike Greenspan brings into sharp focus the moral and political ambiguity of the times in which Fuchs lived and the ideals with which he struggled. As a university student in Germany, he stood up to Nazi terror without flinching, and joined the Communists largely because they were the only ones resisting the Nazis. After escaping to Britain in 1933, he was arrested as a German émigré--an "enemy alien"--in 1940 and sent to an internment camp in Canada. His mentor at university, renowned physicist Max Born, worked to facilitate his release. After years of struggle and ideological conflict, when Fuchs joined the atomic bomb

project, his loyalties were firmly split. He started handing over top secret research to the Soviets in 1941, and continued for years from deep within the Manhattan Project at Los Alamos. Greenspan's insights into his motivations make us realize how he was driven not just by his Communist convictions but seemingly by a dedication to peace, seeking to level the playing field of the world powers. With thrilling detail from never-before-seen sources, *Atomic Spy* travels across the Germany of an ascendant Nazi party; the British university classroom of Max Born; a British internment camp in Canada; the secret laboratories of Los Alamos; and Eastern Germany at the height of the Cold War. *Atomic Spy* shows the real Klaus Fuchs--who he was, what he did, why he did it, and how he was caught. His extraordinary life is a cautionary tale about the ambiguity of morality and loyalty, as pertinent today as in the 1940s.

Conclave

OUT NOW - PRECIPICE, THE THRILLING NEW NOVEL FROM ROBERT HARRIS THE POWER OF GOD. THE AMBITION OF MEN. THE SUNDAY TIMES BESTSELLER Behind the locked doors of the Sistine Chapel, 118 cardinals are meeting in conclave to cast their votes in the world's most secretive election. They are holy men. But they are ambitious. And they have rivals. Over the next 72 hours, one of them will become the most powerful spiritual figure on earth. Who will it be? 'Unputdownable' Guardian 'Gripping' Sunday Times

Harriet the Spy

It's no secret that *Harriet the Spy* is a timeless classic that kids will love! Every day can be an adventure if you just look carefully enough! A PARADE BEST KIDS BOOK OF ALL TIME *Harriet M. Welsch* is a spy. In her notebook, she writes down everything she knows about everyone, even her classmates and her best friends. Then Harriet loses track of her notebook, and it ends up in the wrong hands. Before she can stop them, her friends have read the always truthful, sometimes awful things she's written about each of them. Will Harriet find a way to put her life and her friendships back together? \"What the novel showed me as a child is that words have the power to hurt, but they can also heal, and that it's much better in the long run to use this power for good than for evil.\"—New York Times bestselling author Meg Cabot

Rebel Spy

A reimagining of the story behind Agent 355--a New York society girl and spy for George Washington during the Revolutionary War--perfect for fans of Tatiana de Rosnay's *Sarah's Key* and the novels of Julie Berry. Rebellious Frannie Tasker knows little about the war between England and its thirteen colonies in 1776, until a shipwreck off her home in Grand Bahama Island presents an unthinkable opportunity. The body of a young woman floating in the sea gives Frannie the chance to escape her brutal stepfather--and she takes it. Assuming the identity of the drowned Emmeline Coates, Frannie is rescued by a British merchant ship and sails with the crew to New York. For the next three years, Frannie lives a lie as Miss Coates, swept up in a courtship by a dashing British lieutenant. But after witnessing the darker side of the war, she realizes that her position gives her power. Soon she's eavesdropping on British officers, risking everything to pass information on to George Washington's Culper spy ring as agent 355. Frannie believes in the fight for American liberty--but what will it cost her? Inspired by the true \"355\" and rich in historical detail and intrigue, this is the story of an unlikely New York society girl turned an even unlikelier spy.

American Spy

“American Spy updates the espionage thriller with blazing originality.”—Entertainment Weekly “There has never been anything like it.”—Marlon James, *GQ* “So much fun . . . Like the best of John le Carré, it’s extremely tough to put down.”—NPR NAMED ONE OF THE TEN BEST BOOKS OF THE YEAR BY CHICAGO TRIBUNE AND ONE OF THE BEST BOOKS OF THE YEAR BY The New York Times Book Review • Time • NPR • Entertainment Weekly • Esquire • BuzzFeed • Vulture • Real Simple • Good

Housekeeping • The New York Public Library What if your sense of duty required you to betray the man you love? It's 1986, the heart of the Cold War, and Marie Mitchell is an intelligence officer with the FBI. She's brilliant, but she's also a young black woman working in an old boys' club. Her career has stalled out, she's overlooked for every high-profile squad, and her days are filled with monotonous paperwork. So when she's given the opportunity to join a shadowy task force aimed at undermining Thomas Sankara, the charismatic revolutionary president of Burkina Faso whose Communist ideology has made him a target for American intervention, she says yes. Yes, even though she secretly admires the work Sankara is doing for his country. Yes, even though she is still grieving the mysterious death of her sister, whose example led Marie to this career path in the first place. Yes, even though a furious part of her suspects she's being offered the job because of her appearance and not her talent. In the year that follows, Marie will observe Sankara, seduce him, and ultimately have a hand in the coup that will bring him down. But doing so will change everything she believes about what it means to be a spy, a lover, a sister, and a good American. Inspired by true events—Thomas Sankara is known as “Africa’s Che Guevara”—American Spy knits together a gripping spy thriller, a heartbreaking family drama, and a passionate romance. This is a face of the Cold War you’ve never seen before, and it introduces a powerful new literary voice. **NOMINATED FOR THE NAACP IMAGE AWARD** • Shortlisted for the Center for Fiction First Novel Prize “Spy fiction plus allegory, and a splash of pan-Africanism. What could go wrong? As it happens, very little. Clever, bracing, darkly funny, and really, really good.”—Ta-Nehisi Coates “Inspired by real events, this espionage thriller ticks all the right boxes, delivering a sexually charged interrogation of both politics and race.”—Esquire “Echoing the stoic cynicism of Hurston and Ellison, and the verve of Conan Doyle, American Spy lays our complicities—political, racial, and sexual—bare. Packed with unforgettable characters, it’s a stunning book, timely as it is timeless.”—Paul Beatty, Man Booker Prizewinning author of *The Sellout*

Spy Capitalism

What happens when the world of venture capital collides with the world of espionage? To find the answer, Jonathan E. Lewis takes us inside the executive suite at Itek Corporation during the Cold War years from 1957 to 1965. Itek was manufacturing the world's most sophisticated satellite reconnaissance cameras, and the information these cameras provided about Soviet missiles and military activity was critical to U.S. security. So was Itek. This intriguing book examines in unprecedented detail the challenges Itek faced not only as a contractor for the most important national security program of the time—the CIA's Project CORONA spy satellite—but also as a start-up company competing with established industrial giants. In telling the story of Itek Corporation, Lewis fills important gaps in the history of American intelligence, business history, and management studies. In addition, he addresses a variety of important themes such as the compatibility of secrecy and capitalism, the struggle between profits and patriotism, and the workings of power and connections in America. Lewis explores how Itek executives contended with myriad business problems that were compounded by the need to raise capital without revealing the complete truth about the company's highly secret business. He also presents for the first time information about Laurance Rockefeller's venture capital operations and his role in financing Itek, based on the financier's private Itek papers. The book is both a remarkable case study of a company at the heart of the American intelligence-industrial complex during the Cold War and a thought-provoking examination of the impact of the CIA on the capitalist system it was created to defend.

The Spy Chronicles

Pointing to the horizon where the sea and sky are joined, he says, 'It is only an illusion because they can't really meet, but isn't it beautiful, this union which isn't really there.' -- SAADAT HASAN MANTO
Sometime in 2016, a series of dialogues took place which set out to find a meeting ground, even if only an illusion, between A.S. Dulat and Asad Durrani. One was a former chief of RAW, India's external intelligence agency, the other of ISI, its Pakistani counterpart. As they could not meet in their home countries, the conversations, guided by journalist Aditya Sinha, took place in cities like Istanbul, Bangkok and Kathmandu. On the table were subjects that have long haunted South Asia, flashpoints that take lives

regularly. It was in all ways a deep dive into the politics of the subcontinent, as seen through the eyes of two spymasters. Among the subjects: Kashmir, and a missed opportunity for peace; Hafiz Saeed and 26/11; Kulbhushan Jadhav; surgical strikes; the deal for Osama bin Laden; how the US and Russia feature in the India-Pakistan relationship; and how terror undermines the two countries' attempts at talks. When the project was first mooted, General Durrani laughed and said nobody would believe it even if it was written as fiction. At a time of fraught relations, this unlikely dialogue between two former spy chiefs from opposite sides--a project that is the first of its kind--may well provide some answers.

The Spy Who Couldn't Spell

A NEW YORK TIMES BESTSELLER The thrilling, true-life account of the FBI's hunt for the ingenious traitor Brian Regan—known as the Spy Who Couldn't Spell. Before Edward Snowden's infamous data breach, the largest theft of government secrets was committed by an ingenious traitor whose intricate espionage scheme and complex system of coded messages were made even more baffling by his dyslexia. His name is Brian Regan, but he came to be known as The Spy Who Couldn't Spell. In December of 2000, FBI Special Agent Steven Carr of the bureau's Washington, D.C., office received a package from FBI New York: a series of coded letters from an anonymous sender to the Libyan consulate, offering to sell classified United States intelligence. The offer, and the threat, were all too real. A self-proclaimed CIA analyst with top secret clearance had information about U.S. reconnaissance satellites, air defense systems, weapons depots, munitions factories, and underground bunkers throughout the Middle East. Rooting out the traitor would not be easy, but certain clues suggested a government agent with a military background, a family, and a dire need for money. Leading a diligent team of investigators and code breakers, Carr spent years hunting down a dangerous spy and his cache of stolen secrets. In this fast-paced true-life spy thriller, Yudhijit Bhattacharjee reveals how the FBI unraveled Regan's strange web of codes to build a case against a man who nearly collapsed America's military security. **INCLUDES PHOTOGRAPHS**

Ultimate Spy

Illustrated with specially commissioned photography and archive material, a guide to the world of espionage covers everything from the daily life of a special agent to the complex world of international agencies.

Spy Vs. Spy

That deranged duo determined to destroy diplomacy is at it again in this diabolically dumb dossier! Join in the fun as MAD fans rush to shelves to spy out the latest in hilarious reading.

An Impeccable Spy

SHORTLISTED FOR THE PUSHKIN HOUSE PRIZE 'The most formidable spy in history' **IAN FLEMING** 'His work was impeccable' **KIM PHILBY** 'The spy to end spies' **JOHN LE CARRÉ** Born of a German father and a Russian mother, Richard Sorge moved in a world of shifting alliances and infinite possibility. In the years leading up to and during the Second World War, he became a fanatical communist – and the Soviet Union's most formidable spy. Combining charm with ruthless manipulation, he infiltrated and influenced the highest echelons of German, Chinese and Japanese society. His intelligence proved pivotal to the Soviet counter-offensive in the Battle of Moscow, which in turn determined the outcome of the war itself. Drawing on a wealth of declassified Soviet archives, this is a major biography of one of the greatest spies who ever lived.

An Indian Spy in Pakistan

Khushwant Singh wrote in the preface to the hardbound edition published in 1990 of this true account of

Mohanlal Bhaskar's mission to find out about Pakistan's nuclear plans: 'He was betrayed by one of his colleagues, presumably a double agent, and had to face the music on his own. The interrogation, which was done by the army and police, included torture of the worst kind imaginable. Many of his comrades went insane or ended their own lives. Large portions of his stories describe the methods used in gory and spine-chilling detail but there were also lighter moments with dacoits, prostitutes, pimps and dope smugglers in the same jails....' He witnessed history unfolding from Mianwali jail: '... when Sheikh Mujibur Rehman was brought there, and had his grave dug and then refilled when Bhutto released him to return in triumph to Bangladesh. From his cell he watched Indian bombers and fighters knock out Pakistan's airforce from the skies...'

Why Spy?

With practical experience both of field work and of the intelligence bureaucracy at home and abroad, Stewart examines successes and failures via case studies, considers the limitations and usefulness of the intelligence product, and warns against the tendency to abuse or ignore it when its conclusions do not fit with preconceived ideas.

Spy Wars

King Lear, one of Shakespeare's darkest and most savage plays, tells the story of the foolish and Job-like Lear, who divides his kingdom, as he does his affections, according to vanity and whim. Lear's failure as a father engulfs himself and his world in turmoil and tragedy. He changes from king to beggar, and finally, to man, in a pattern of loss and discovery which reflects the archetype of tragic wisdom.

The Unexpected Spy

A highly entertaining account of a young woman who went straight from her college sorority to the CIA, where she hunted terrorists and WMDs \"Reads like the show bible for Homeland only her story is real.\" —Alison Stewart, WNYC \"A thrilling tale...Walder's fast-paced and intense narrative opens a window into life in two of America's major intelligence agencies\" —Publishers Weekly (starred review) When Tracy Walder enrolled at the University of Southern California, she never thought that one day she would offer her pink beanbag chair in the Delta Gamma house to a CIA recruiter, or that she'd fly to the Middle East under an alias identity. The Unexpected Spy is the riveting story of Walder's tenure in the CIA and, later, the FBI. In high-security, steel-walled rooms in Virginia, Walder watched al-Qaeda members with drones as President Bush looked over her shoulder and CIA Director George Tenet brought her donuts. She tracked chemical terrorists and searched the world for Weapons of Mass Destruction. She created a chemical terror chart that someone in the White House altered to convey information she did not have or believe, leading to the Iraq invasion. Driven to stop terrorism, Walder debriefed terrorists—men who swore they'd never speak to a woman—until they gave her leads. She followed trails through North Africa, Europe, and the Middle East, shutting down multiple chemical attacks. Then Walder moved to the FBI, where she worked in counterintelligence. In a single year, she helped take down one of the most notorious foreign spies ever caught on American soil. Catching the bad guys wasn't a problem in the FBI, but rampant sexism was. Walder left the FBI to teach young women, encouraging them to find a place in the FBI, CIA, State Department or the Senate—and thus change the world.

Spy Mazes

Infiltrate top-secret bases, navigate laser networks and escape in high-speed pursuits as you delve into the world of espionage in this stylish selection of mazes. Each maze is more challenging than the last, from following snowy footprints to decrypting codewords, and all the answers are at the back if you get stuck.

Spy School Project X

\\"Superspy middle schooler Ben Ripley races against time and across state lines - traveling by car, train, boat and plane - to track Murray Hill down before Ben's cyber enemies can find him\"--

A Perfect Spy

'The best English novel since the war' Philip Roth Magnus Pym - ranking diplomat, consummate Englishman, loving husband, secret agent - has vanished. Has he defected? Gone to ground? As the hunt for Pym intensifies, the secrets of his life are revealed: the people he has loved and betrayed, the unreliable con-man father who made him, the two mentors who moulded and shaped him, and now wish to claim this perfect spy as their own. Described by le Carré as his most autobiographical novel, A Perfect Spy is a devastating portrayal of a man who has played different roles for so long, he no longer knows who he is. 'Le Carré understood that espionage is an extreme version of the human comedy, even the human tragedy. A Perfect Spy will very likely remain his greatest book' New Yorker

Liar & Spy

When Georges moves into a Brooklyn apartment building, he meets Safer, a twelve-year-old coffee-drinking loner and self-appointed spy. Georges becomes Safer's first spy club recruit. But as Safer becomes more demanding, Georges starts to wonder: how far is too far to go for your only friend?

Spy x Family, Vol. 1

Not one to depend on others, Twilight has his work cut out for him procuring both a wife and a child for his mission to infiltrate an elite private school. What he doesn't know is that the wife he's chosen is an assassin and the child he's adopted is a telepath! -- VIZ Media

French's Standard Drama ...

Rhyming text leads the reader to find objects hidden in the photographs.

I Spy School

\\"The name is Bond - JAMES BOND. I am sure you've seen at least one, if not more of the 26 films made on fictional British spy 007. You may've also seen TV shows like The Americans, Blindspot, Chuck, Covert Affairs, Homeland, Nikita, Quantico, The Blacklist, and/or The Night Manager. I wrote this book after I realised that the average person may not know even one-sixth of what I know about spies and spying. Almost each of the Top 50 nations (by GDP, population or military power) has a spy agency/service. Many countries have more than one 'secret service' or 'intelligence agency'. USA has 16. Some countries' spy agencies are more powerful than entire smaller nations, with annual budgets larger than their GDPs. This books attempts to tell the story of 20 of the world's largest and most powerful spy agencies, details their important missions, reveals their darkest secrets, and gives you an inside perspective of the often quite gory but thrilling 'world of spies'. It gives you a 360° view of those spy agencies you only read about or see in a movie or TV show. With one chapter per agency, you can read only chapters you may be interested in. The life of most spies is not as glamorous as it is made out to be. You may think it is all about high-tech and guns and car chases and 'hot' women, but that's not the case. In the real spy world, the techniques boil down to the interpretation of basic human psychology. Even though a spy learns several action techniques on how to get out of a dangerous situation, including how to withstand torture, if he/she is resorting to car chases, it means they're doing something wrong. Spies don't get paid very well. Gambling at a casino or flying on a private jet may be part of the job, but a spy doesn't get to spend this kind of money on personal expenses. Spies cannot disclose the nature of their work to their family and friends, to maintain secrecy. Many have to live away from home

for weeks, months, even years. Married life is a mess, as the spouse starts suspecting the spy of having an affair. Who can become a spy? Do you need a law enforcement (police) or military background? Not really. Spies have degrees as diverse as law, political science, finance, economics - even professional athletes have become successful spies."

I-Spy: A Peep Into the World of Spies

In Olive's third adventure in the New York Times bestselling Books of Elsewhere series, what lurks below the house could be as dangerous as what's hidden inside . . . Some terrifying things have happened to Olive in the old stone house, but none as scary as starting junior high. Or so she thinks. When she plummets through a hole in her backyard, though, Olive realizes two things that may change her mind: First, the wicked Annabelle McMartin is back. Second, there's a secret below-ground that unlocks not one but two of Elsewhere's biggest, most powerful, most dangerous forces yet. But with the house's magical cats acting suspicious, her best friend threatening to move away, and her ally Morton starting to rebel, Olive isn't sure where to turn. Will she figure the mystery out in time? Or will she be lured into Elsewhere . . . and trapped there for good? A must-read fantasy series for fans of Pseudonymous Bosch, Coraline, Small Spaces, and James Howe's Bunnica classics.

The Second Spy

Rhyming verses ask readers to find hidden objects in the photographs.

I Spy Fun House

Spy tells, for the first time, the full, authoritative story of how FBI agent Robert Hanssen, code name grayday, spied for Russia for twenty-two years in what has been called the "worst intelligence disaster in U.S. history"—and how he was finally caught in an incredible gambit by U.S. intelligence. David Wise, the nation's leading espionage writer, has called on his unique knowledge and unrivaled intelligence sources to write the definitive, inside story of how Robert Hanssen betrayed his country, and why. Spy at last reveals the mind and motives of a man who was a walking paradox: FBI counterspy, KGB mole, devout Catholic, obsessed pornographer who secretly televised himself and his wife having sex so that his best friend could watch, defender of family values, fantasy James Bond who took a stripper to Hong Kong and carried a machine gun in his car trunk. Brimming with startling new details sure to make headlines, Spy discloses: • the previously untold story of how the FBI got the actual file on Robert Hanssen out of KGB headquarters in Moscow for \$7 million in an unprecedented operation that ended in Hanssen's arrest. • how for three years, the FBI pursued a CIA officer, code name gray deceiver, in the mistaken belief that he was the mole they were seeking inside U.S. intelligence. The innocent officer was accused as a spy and suspended by the CIA for nearly two years. • why Hanssen spied, based on exclusive interviews with Dr. David L. Charney, the psychiatrist who met with Hanssen in his jail cell more than thirty times. Hanssen, in an extraordinary arrangement, authorized Charney to talk to the author. • the full story of Robert Hanssen's bizarre sex life, including the hidden video camera he set up in his bedroom and how he plotted to drug his wife, Bonnie, so that his best friend could father her child. • how Hanssen and the CIA's Aldrich Ames betrayed three Russians secretly spying for the FBI—including tophat, a Soviet general—who were then executed by Moscow. • that after Hanssen was already working for the KGB, he directed a study of moles in the FBI when—as he alone knew—he was the mole. Robert Hanssen betrayed the FBI. He betrayed his country. He betrayed his wife. He betrayed his children. He betrayed his best friend, offering him up to the KGB. He betrayed his God. Most of all, he betrayed himself. Only David Wise could tell the astonishing, full story, and he does so, in masterly style, in Spy.

Spy

Break secret codes and decipher vital messages in this mini book of puzzles. From collecting launch codes to

reading spy watches, it's packed with activities that will keep budding secret agents busy on journeys or whilst out and about.

Mini Books: Spy Secret Messages

The #1 search-and-find riddle picture book that started the I Spy craze has a brand new design -- just in time for its 30th anniversary! Can you find toys, coins, dice, and more? What's buried in the sand? And what do you see on the bulletin board?
